

## Rise in Per Hectare Yield of Foodgrains

*Threefold increase in yield since 1960s*

Yield of foodgrains per hectare (kg/hectare)

**Record 316.06 million tonnes (estimated)  
foodgrain production in the country for 2021-22**

**Green Revolution made India self-reliant in foodgrain production;  
to enhance production & productivity, umbrella scheme "Green  
Revolution– Krishonnati Yojana" continued from 2017-18**
