**Introduction<sup>1</sup>:**

The Government's price policy for major agricultural commodities seeks to ensure remunerative prices to the growers for their produce with a view to encouraging higher investment and production and safeguarding the interest of consumers by making available supplies at reasonable prices. Towards this end, Government announces Minimum Support Prices (MSPs) for twenty-two (22) mandated crops and Fair and Remunerative Prices (FRP) for sugarcane at all India level recommendations of the Commission for Agricultural Costs & Prices (CACP) after considering the views of concerned State Governments and Central Ministries/Departments.

The 22 mandated crops include 14 Kharif crops viz. paddy, jowar, bajra, maize, ragi, tur (arhar), moong, urad, groundnut, soybean (yellow), sunflower seed, sesamum, nigerseed, cotton and 6 Rabi crops viz. wheat, barley, gram, masur (lentil), rapeseed & mustard, safflower and two commercial crops viz. jute and copra. In addition to that, MSP for toria and dehusked coconut are also fixed on the basis of MSPs of rapeseed & mustard and copra respectively.

While recommending MSPs, Commission for Agricultural Costs & Prices (CACP) considers important factors like cost of production, the overall demand-supply situation of various crops

in domestic and world markets, domestic and international prices, inter-crop price parity, terms of trade between agricultural and non-agricultural sector, likely effect of price policy on rest of the economy and a minimum of 50 percent as the margin over the cost of production.

### Minimum Support Prices (MSP) for Kharif Crops for Marketing Season 2022-23<sup>2</sup>:

On June 08, 2022, the Cabinet Committee on Economic Affairs (CCEA) chaired by Prime Minister Narendra Modi, approved the increase in the Minimum Support Prices (MSP) for all mandated Kharif Crops for Marketing Season 2022-23.

The government has increased the MSP of Kharif Crops for Marketing Season 2022-23, to ensure remunerative prices to the growers for their produce and to encourage crop diversification.

The increase in MSP for Kharif Crops for Marketing Season 2022-23 is in line with the Union Budget 2018-19 announcement of fixing the MSP at a level of at least 50 percent over the All-India weighted average Cost of Production, aiming at a reasonably fair remuneration for the farmers. It is notable that, the return over MSP for bajra, tur, urad sunflower seed, soybean, and groundnut is more than 50 percent over the All-India weighted average Cost of Production at 85%, 60%, 59%, 56%, 53%, and 51% respectively.

### Comparative analysis of MSP for major Kharif crops (2014-15 vis a vis 2022-23)

Modi government announced MSP hikes based on the formula that farmers will get at least 1.5 times the cost of production. This was a promise made and delivered. This formula also included factors like family labor in the cost of production, which is a way of recognizing the work of the whole family rather than just individual farmers. The government ensured greater procurement and greater payments to farmers, ensuring that MSP hikes did not remain on paper but actually reached farmers.

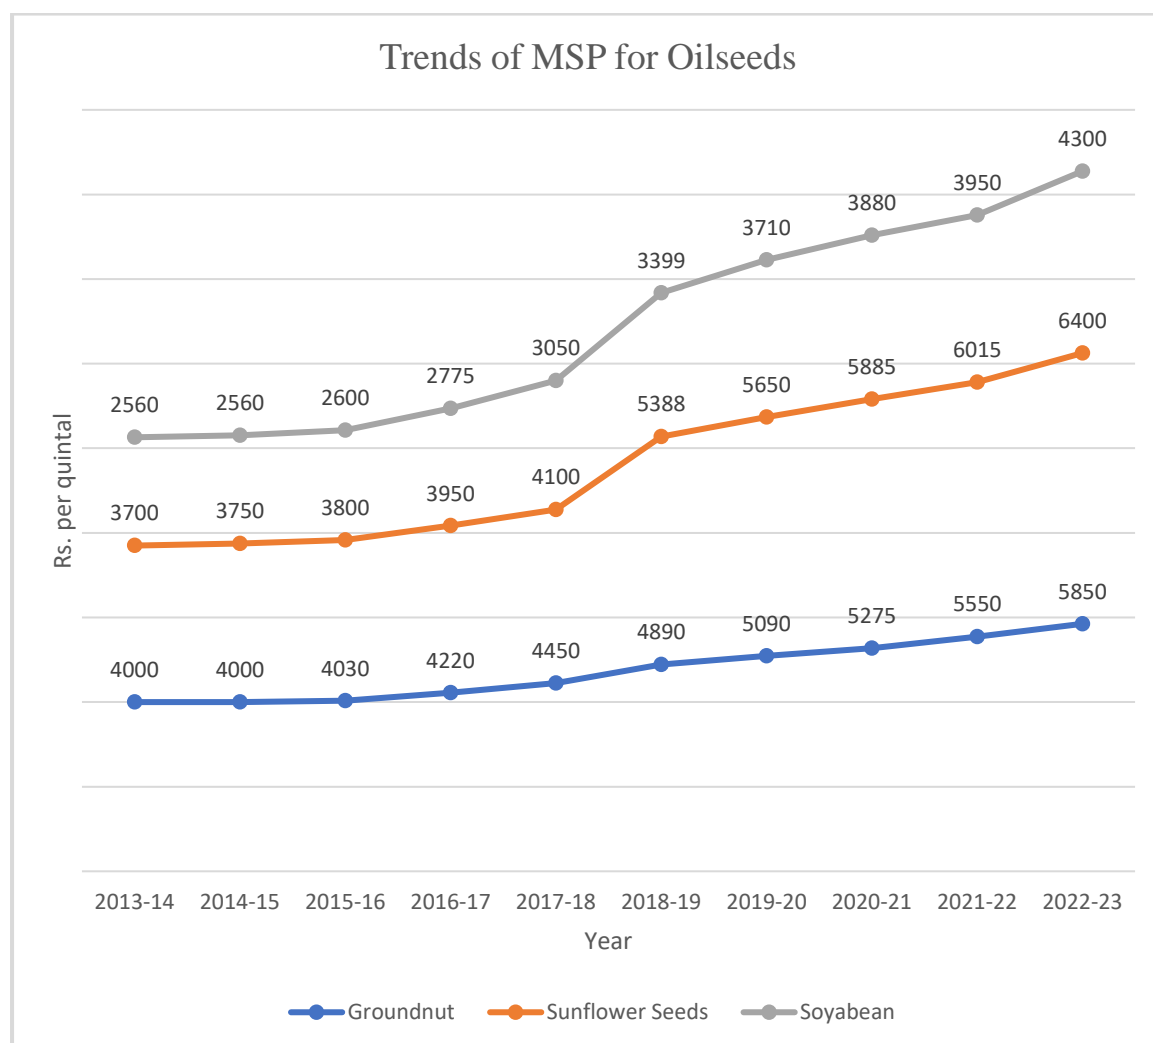

**Exponential increase in MSP for Paddy and Maize (2013-14 to 2022-23):** Going by the trends, it could be noticed that there has been an exponential rise in MSP for Paddy and Maize. The **MSP for Paddy** which was Rs. 1310/- per quintal in 2013-14 has increased to Rs. 2040/- per quintal in 2022-23, **an increase of almost 56%**. Similarly, **MSP for Maize** which was Rs. 1310/- per quintal in 2013-14 has increased to Rs. 1962/- per quintal in 2022-23, **an increase of 50%**.

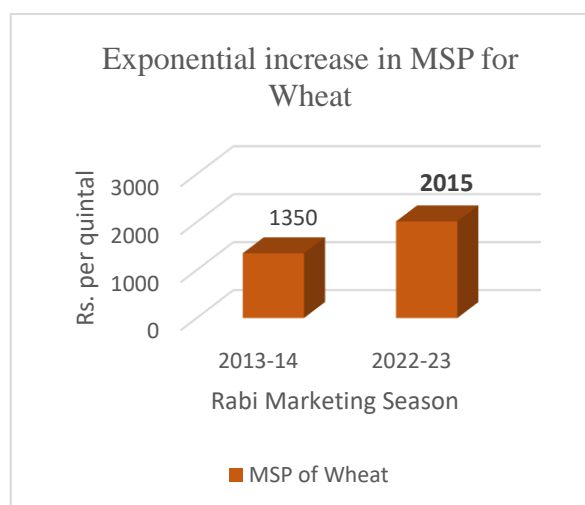

**Exponential increase in MSP for major Oil Seeds (2013-14 to 2022-23):** The MSP for **groundnut** which was Rs. 4000/- per quintal in 2013-14 has increased to Rs. 5850/- in 2022-23 which is **an increase of 46%**. Similarly, **Sunflower seeds and Soyabean** saw an **increase of 72% and 68%** respectively.

### Minimum Support Prices (MSP) for Rabi crops for marketing season 2022-23

Earlier on 08 September 2021, the Cabinet Committee on Economic Affairs (CCEA) chaired by the Prime Minister Narendra Modi had approved the increase in the Minimum Support Prices (MSP) for all mandated Rabi crops for Rabi Marketing Season (RMS) 2022-23.

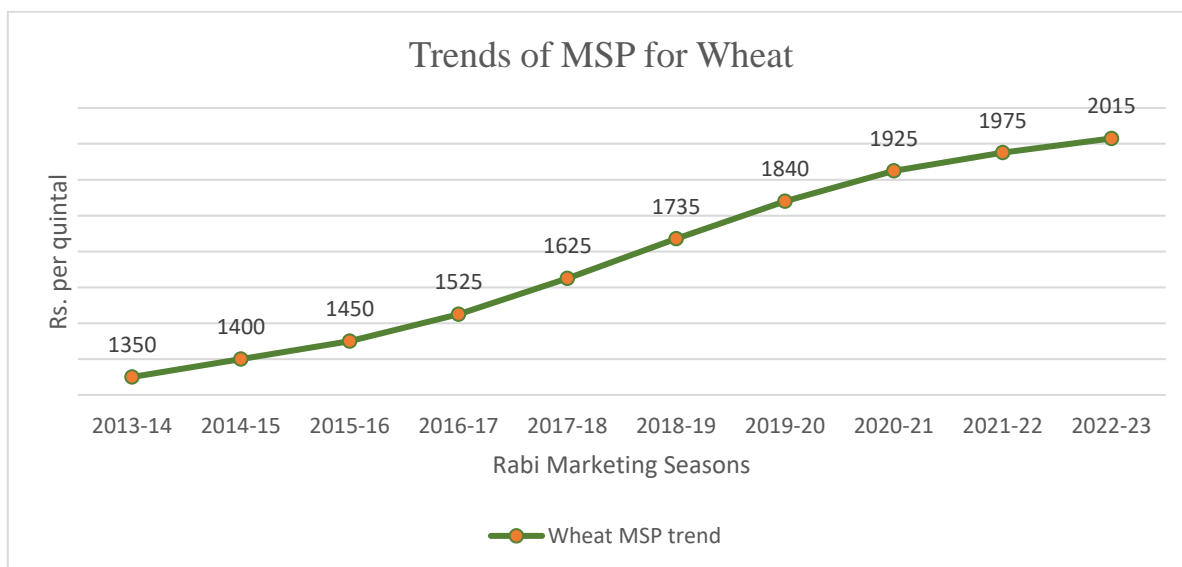

Government increased the MSP of Rabi crops for RMS 2022-23, to ensure remunerative prices to the growers for their produce. The highest absolute increase in MSP over the previous year has been recommended for Lentil (Masur) and Rapeseeds & Mustard (Rs.400 per quintal each) followed by gram (Rs.130 per quintal). In case of safflower, there has been

an increase of Rs.114 per quintal, in comparison to last year. The differential remuneration is aimed at encouraging crop diversification.

### **Exponential increase in MSP for Wheat (2013-14 to 2022-23):**

The **MSP for Wheat** which was Rs. 1350/- per quintal in 2013-14 has increased to Rs. 2015/- per quintal in 2022-23, **an increase of almost 49%**.
