2023

World Spice Congress 2023

- WSC2023 escalated to G20 event on the sidelines of India's G20 presidency
- Participation of delegates from across the globe
- Expected to have around 100 overseas delegates and 500 Indian delegates
- 150 plus exhibitors, from the cross section of spice industry

Importance of the Indian spice industry

- India is the 'Spice Bowl of the World', the single largest producer of spices with more than 75 spices under cultivation across India
- India produced 10.8 million MT of spices during 2021-22
- Every state in India produces one or more spices, each of which has a niche market share in the global spice trade
- The strong domestic demand accounts for consumption of up to 80% of our total spices production

Importance of the Indian Spice Industry

- India is a leader in spices exports to meet the global demands. Spice exports successively crossed the coveted 4 Bn USD mark in export value
- Spice exports make significant contribution to our country's forex earnings.
- Spices exports contribute to more than 40% of horticultural exports; 9% of agricultural exports and 1% of commodity exports from India
- More than 9 Mn farmers & 14 Mn stakeholders
- The infrastructure facilities established by the Indian exporters' are among the best in the world.

Key Objectives of the Event

- To promote and strengthen the business opportunities for Indian spice manufacturers
- Demonstration of India's processing/ supply capabilities to meet global demand
- A platform to introduce new products, technologies for spices sector
- Capacity building among key stakeholders on challenges & opportunities
- Showcasing India as the 'Spice Bowl of the World' & a 'Processing Hub'
- Roadmap to address challenges in spices supply chain
- Promoting new applications with spices as ingredients
- Promoting high end processing, value addition, product diversification and customization
- Strengthening quality, safety and sustainability
