# TRANSFORMING URBAN LANDSCAPE 2014-2023

**“ We see urbanisation as an opportunity and we are committed to making our cities world class urban spaces that further Ease of Living. ”**

**NARENDRA MODI**  
Prime Minister

---

**TRANSFORMING**

**URBAN  
LANDSCAPE**

---

**2014-2023**

## FROM THE MINISTER'S DESK

**Hardeep S Puri**

Minister of Housing and Urban Affairs; Petroleum & Natural Gas

I am glad that the Ministry of Housing and Urban Affairs is releasing this compendium on the transformational changes that urban development programmes in India have brought about in the last nine years. Since I was invited to join the Council of Ministers in September 2017, I have had the unique privilege of being associated with Prime Minister Shri Narendra Modi's vision for multi-faceted urban rejuvenation. The Modi government recognised that India's urban agenda will be integral in its combined pursuits of economic progress and environmental sustainability.

The Swachh Bharat Mission – Urban (SBM-U) was the foundation of the paradigm shift that we are witnessing in India's urban governance since 2014. Launched on August 15, 2014 to honour Gandhiji's legacy, the mission became a Jan Andolan and brought about a shift in mindset regarding cleanliness and sanitation. Building on top of this was the Pradhan Mantri Awas Yojana (PMAY) which had an ambitious mission to provide a pucca house to every Indian residing in the nation's urban areas. The Atal Mission for Rejuvenation and Urban Transformation (AMRUT) addressed the urgent need to strengthen basic civic amenities in the 500 biggest cities in the country whereas the Smart Cities Mission re-defined how we understand 'urban' through its ingenious use of technology and data.

Visionary programmatic interventions to resolve issues of transportation and connectivity through the rapid expansion of metro networks in major cities has resulted in unprecedented reforms in urban mobility. Through schemes such as PM-SVANidhi and DAY-NULM, the government is making concerted efforts to facilitate economic and livelihood opportunities for millions of vulnerable and marginalised urban citizens.

The 'new urban India' will be further strengthened by the Swachh Bharat Mission – Urban (SBM-U) 2.0 and AMRUT 2.0 which aim to make our cities 'Garbage Free' and 'Water Secure' respectively. Already, we are seeing impressive results and enthusiasm from cities and citizens alike in adopting the principles of circular economy in everyday urban life.

This compendium succinctly captures the fulfilling journey of the most comprehensive planned urbanisation programme undertaken anywhere in the world. In many ways, the integrated nature of the various urban interventions showcased here represents a microcosm of India's development ambitions.

# WORLD'S LARGEST BEHAVIOURAL CHANGE PROGRAMME IN SANITATION

“ .... स्वच्छ भारत मिशन (शहरी) 2.0 का लक्ष्य है गाबेज फ्री शहर,  
कचरे के ढेर से पूरी तरह मुक्त, ऐसा शहर बनाना ”

# SBM (URBAN) 2.0

## VISION- TOWARDS GARBAGE FREE CITIES

100% scientific solid waste management

Treatment of used water, including faecal sludge

Remediation of legacy dumpsites

'Manhole to Machinehole'  
(Occupational Safety for Safai Mitras)

In 154 cities:

- Mechanised sweeping
- C&D waste processing

Phased reduction in usage of Single-Use Plastic (SUP)

## SBM (U) 2.0

### EXPECTED OUTCOMES

Cities to be certified at least 3-star Garbage Free, or higher

All cities to become at least ODF++ (Management of faecal sludge)

At least 50% of all cities to become Water+ (Safe treatment and reuse of treated wastewater)

“ The number of pucca houses that India is building today under the PM Awas Yojana is more than the total population of many countries of the world. ”

# PRADHAN MANTRI AWAS YOJANA (URBAN)

Launched in June 2015 to provide all-weather 'pucca' houses with basic civic amenities to all eligible beneficiaries of urban areas with the vision of 'Housing for All.' The mission has been implemented through four verticals suiting the needs of individuals based on the geographical conditions, topography, economic conditions, availability of land, infrastructure etc.

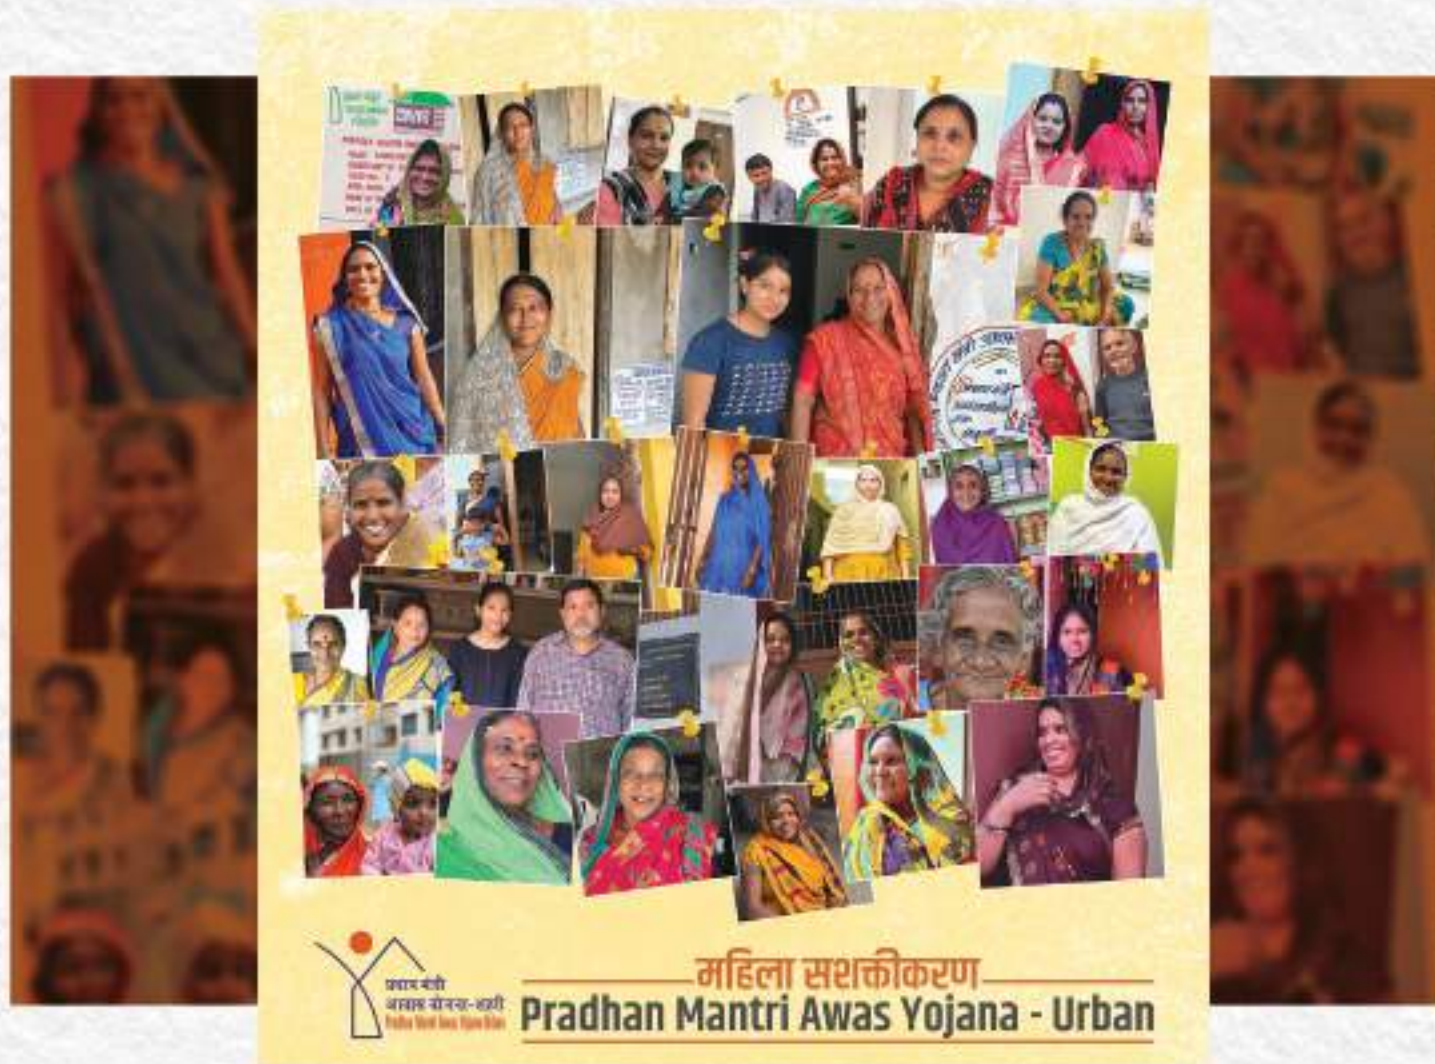

The Scheme has been extended till 31st December 2024 to complete the houses sanctioned up to 31st March, 2022 without any change in funding pattern and implementation methodology.

# WOMEN EMPOWERMENT

The Mission promotes women empowerment by providing the title of houses in the name of female member or in joint name. More than 94 Lakh houses under PMAY-U are in the name of women or have joint ownership.

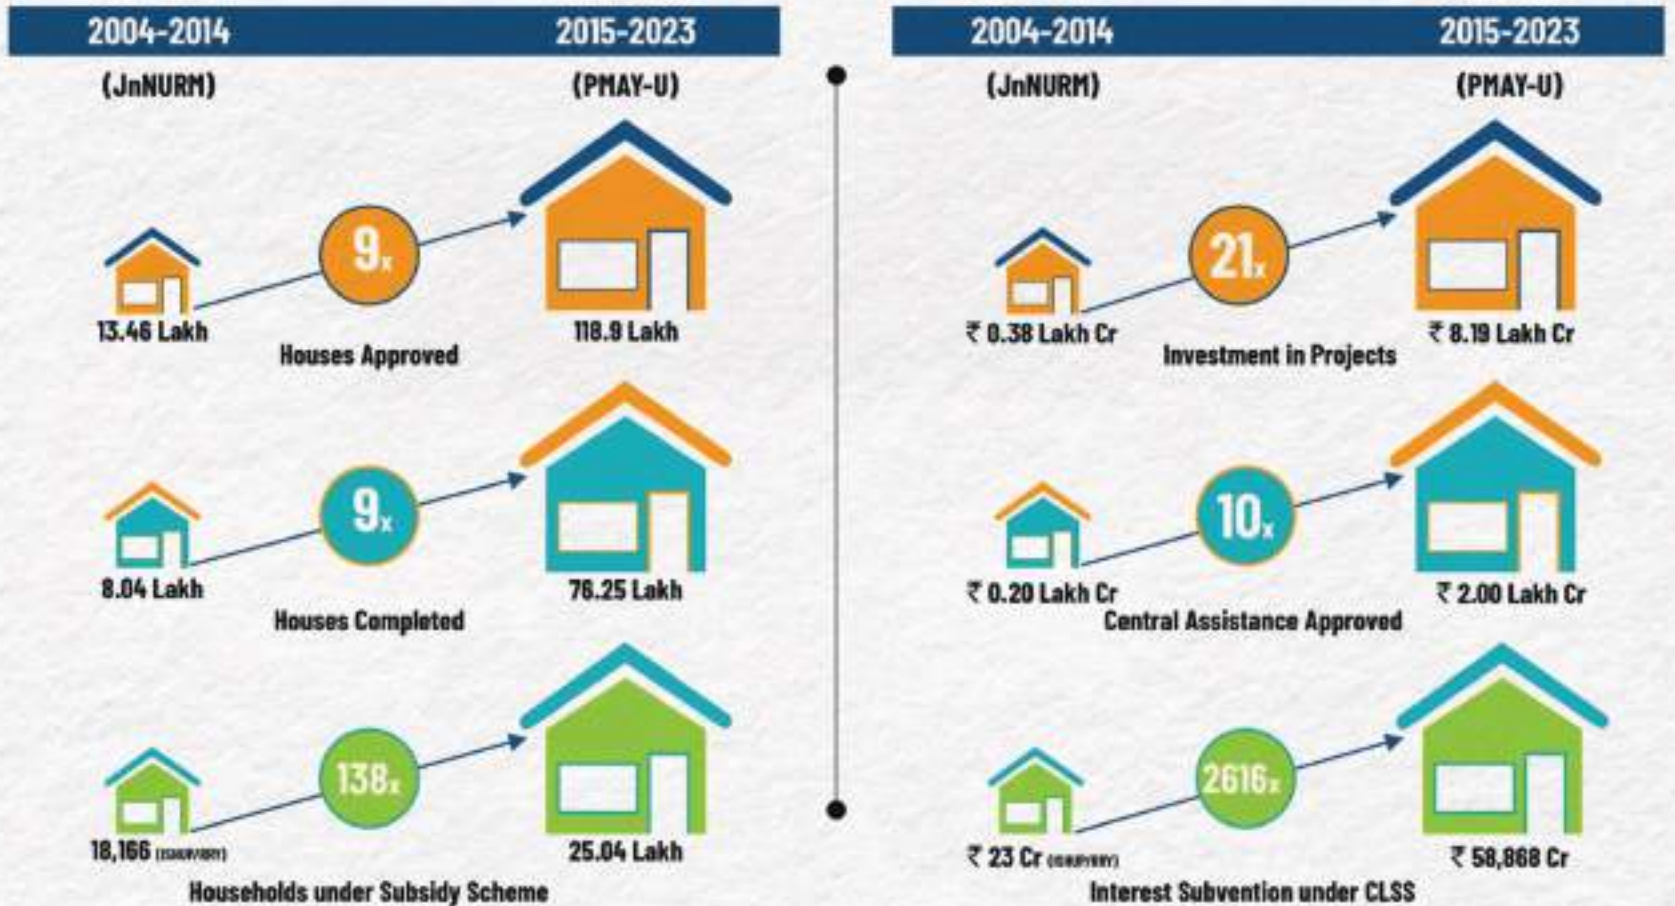

# PMAY-U DASHBOARD

- Developed with a theme to Monitor Implementation progress of mission across State/ULB and at Project level
- User friendly Navigation, Provision for log in ID/ Passwords for all stakeholders.
- Constituency level Dashboard for Hon'ble Members of Lok Sabha and Rajya Sabha
- State level, ULB level Dashboard to monitor Physical and Financial progress of Projects.

# COMPARISON WITH PAST HOUSING SCHEMES

# PMAY(U): ACHIEVEMENTS AT A GLANCE

Houses under PMAY(U)

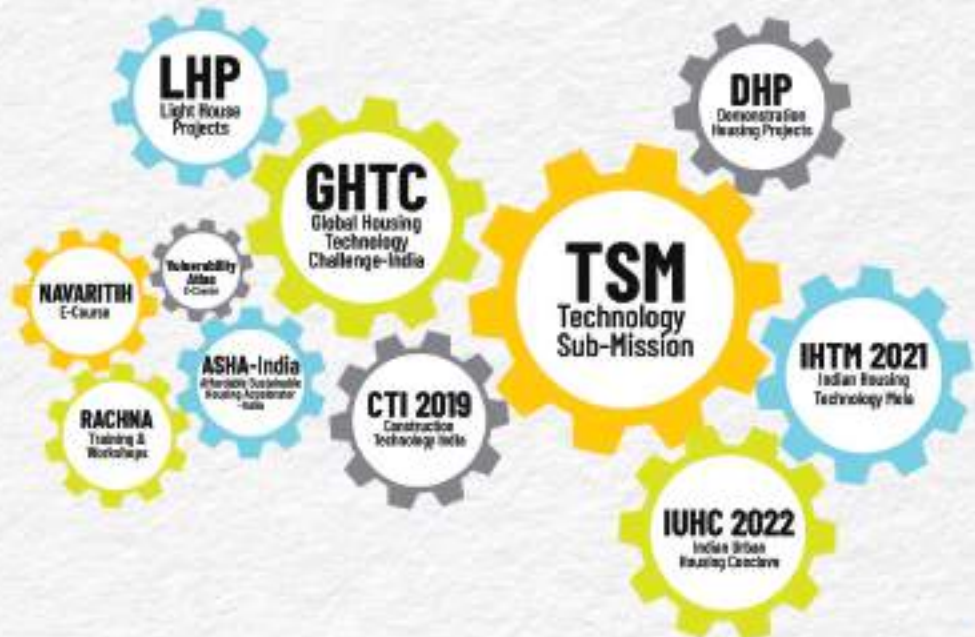

112.24 Lakh	Assessed Demand	113.13 Lakh	Grounded for Construction
118.90 Lakh	Sanctioned	76.25 Lakh	Completed/ Delivered
25 Lakh	CLSS Beneficiaries	16 Lakh	New technology houses

Total Investment  
**₹ 8.19 lakh Cr**

Central Assistance Approved  
**₹ 2.00 lakh Cr**

Central Assistance Released  
**₹ 1.49 lakh Cr**

Promotion of  
**Innovative  
 Construction  
 Technologies**

# AFFORDABLE RENTAL HOUSING COMPLEXES (ARHCs)

## ARHCs Outcomes

1 Decent living environment close to workplaces at affordable rates

2 Sustained supply of workforce and increased productivity for Industries

3 Opportunity to convert existing Government funded vacant houses into ARHCs for economically productive use

4 Encourage Private/ Public Entities to efficiently utilize their vacant land available for developing ARHCs

5 Propel new investment opportunities and promote entrepreneurship in rental housing sector

6 Strengthening of Municipal Finances at ULB level

7 Prevent further proliferation of slums

## PROGRESS

### Model - 1

- **5,648 vacant houses converted** into ARHCs
- Conversion of **7,413 vacant houses** into ARHC is under progress

### Model - 2

- Construction of new ARHCs comprising of 48,113 units under progress
- Sriperumbudur (22,081 units), Chennai (18,720 units), Hosur (6,576 units) and Kakinada (736 units)

# LIGHT HOUSE PROJECTS

As a part of GHTC- India, six LHPs, consisting of about 1000 houses each with physical & social infrastructure facilities are being constructed/completed at Rajkot (Gujarat), Chennai (Tamil Nadu), Indore (Madhya Pradesh), Ranchi (Jharkhand), Agartala (Tripura) and Lucknow (Uttar Pradesh).

The Hon'ble Prime Minister Shri Narendra Modi, in the presence of Hon'ble Governor and Hon'ble Chief Minister of Tamil Nadu, inaugurated LHP Chennai and handed over keys to beneficiaries on 26 May, 2022. The project has total 1,152 houses in G+5 storeys with all basic and social infrastructure facilities.

Hon'ble Prime Minister, in the presence of Hon'ble Governor and Hon'ble Chief Minister of Gujarat, also inaugurated LHP Rajkot and handed over keys to beneficiaries on 19 October, 2022. The project has total 1,144 houses in S+13 storeys with all basic and social infrastructure facilities.

The remaining LHPs at Indore, Ranchi, Agartala and Lucknow are in advanced stages of construction.

## GLIMPSES OF HOUSES UNDER PMAY (U)

PMAY-U house of Sobita Devi  
in Thoubal, Manipur

120 ISSR houses built at Bhudarpura  
in Ahmedabad, Gujarat

PMAY-U house of K Valli in Puducherry,  
UT of Puducherry

PMAY-U house of Sasikala V in  
Thiruvananthapuram, Kerala

## GLIMPSES OF HOUSES UNDER PMAY (U)

PMAY-U house of Chitra Devi and Dilip Singh in Chirkundha, Jharkhand

PMAY-U house of Maryam Begum and Abdul Latief Ganai in Bhaderwah, UT of Jammu and Kashmir

15,660 AHP houses under PMAY-U in Kollur, Sangareddy, Telangana

528 AHP houses under PMAY-U at Shivalik Parishar in Indore, Madhya Pradesh

“ There was a time in our country when urbanization was considered a big problem but I feel differently. We should not consider urbanization as a problem but consider it as an opportunity. Cities have the strength to 'digest' poverty and provide economic opportunities for the poorest coming from other less developed areas. We must further strengthen the cities to increase this 'digestive' ability, make it faster and wider... economic prosperity will automatically follow. ”

# SMART CITIES

# 2.0

“ We are moving forward in the direction to ensure 100% access to clean water and better management of sewage in cities. In the next phase of AMRUT Mission, the country aims to increase sewage and septic management, make water-secure cities and ensure that no sewage drains anywhere in our rivers. ”

# AMRUT

*First Water-focused Mission launched on 25th June, 2015*

Universal water supply, improvement in sewerage & septage management in 500 Mission cities

## Project components

Water Supply

Sewerage & Septage Management

Storm Water Drainage

Non motorized Urban Transport

Green Spaces and Parks

Allocation: ₹77,640 Crore

# AMRUT ACHIEVEMENTS- PROJECTS

100% projects worth ₹82,684 crore grounded; work worth ₹39,848 crore completed.

**172 Lakh Household water tap connections.** 3,289 MLD water treatment capacity has been created.

**135 Lakh Household sewer connections/septage coverage.**

**3,342 MLD sewage treatment capacity has been created,** of which 1,437 MLD has potential for recycle/reuse.

**2,356 Green Spaces & Parks with 4,586 acre area developed.**

**3,341 water logging points eliminated.** 1,090 km length of drains laid.

**288 green mobility projects worth ₹636 crore completed.**

Under AMRUT the total coverage of urban households with piped water supply has gone from 64% to 85%.

HERITAGE CITY DEVELOPMENT AND  
AUGMENTATION YOJANA

# HRIDAY

Rejuvenating the Soul of Urban India

## INTRODUCTION:

The National Heritage City Development and Augmentation Yojana (HRIDAY), with a total outlay of ₹500 Crore, was launched on 21st January, 2015 with the aim of bringing together urban planning, economic growth and heritage conservation in an inclusive manner with the objective of preserving the heritage character and rejuvenating the soul of each Heritage city. The Scheme has supported development of core heritage linked civic infrastructure projects, which include revitalization of urban infrastructure for areas around heritage, religious, cultural and tourism assets of the cities.

## SCHEME'S IMPLEMENTATION:

The scheme was implemented in the 12 identified cities of Ajmer, Amaravati, Amritsar, Badami, Dwarka, Gaya, Kancheepuram, Mathura, Puri, Varanasi, Velankanni and Warangal.

## MILESTONES ACHIEVED:

- 77 projects amounting to ₹419.57 crore have been approved under the Scheme.
- A total of ₹402.08 crore has been released to the cities.
- 76 projects costing to ₹392.71 crore have been completed. The Badami project is under implementation.

## Central Public Works Department

### Introduction:

Central Public Works Department, an attached office in the Ministry of Housing and Urban Affairs, is the principal engineering organization and technical advisor to the Government of India with a proven track record of over 168 years. It has been rendering comprehensive services in the field of planning, designing and construction from concept to completion for central government projects with total quality assurance including post-construction maintenance management. It is involved in execution of a wide range of projects such as housing, office space, hospitals, educational institutions, roads, bridges, flyovers, airports, tourism and culture. It also executes border fencing, flood lighting and road projects in difficult terrain under hostile conditions along international borders. CPWD has also been the fore-runner and trend setter as a repository of skills and knowledge in the construction sector with bench marking of construction standards for infrastructure sector.

# CENTRAL VISTA REDEVELOPMENT PROJECT

## KARTAVYA PATH

As part of the Central Vista Development/Re-development Master Plan, the refurbished Kartavya Path was inaugurated by Hon'ble Prime Minister on 08 September 2022. It symbolised a shift from erstwhile Rajpath being an icon of power, to Kartavya Path being an example of public ownership and empowerment. The redeveloped Kartavya Path has beautified landscapes, refurbished canals, new amenity block, vending kiosks and new pedestrian underpasses. It also has a number of sustainability features including energy efficient lighting system, recycling of used water, and water conservation.

## Swachhata Pledge

Mahatma Gandhi dreamt of an India which was not only free but also clean and developed.

Mahatma Gandhi secured freedom for Mother India.

Now it is our duty to serve Mother India by keeping the country neat and clean.

I take this pledge that I will remain committed towards cleanliness and devote time for this.

I will devote 100 hours per year that is two hours per week to voluntary work for cleanliness.

I will neither litter nor let others litter.

I will initiate the quest for cleanliness with myself, my family, my locality, my village and my work place.

I believe that the countries of the world that appear clean are so because their citizens don't indulge in littering nor do they allow it to happen.

With this firm belief, I will propagate the message of Swachh Bharat Mission in villages and towns.

I will encourage 100 other persons to take this pledge which I am taking today.

I will endeavour to make them devote their 100 hours for cleanliness.

I am confident that every step I take towards cleanliness will help in making my country clean.

Urban planning will determine the fate of our cities in Amrit kaal and it is only well-planned cities that will determine the fate of India

Shri Narendra Modi

Prime Minister

**Ministry of Housing and Urban Affairs**  
Government of India
