

PRADHAN MANTRI AWAAS YOJANA- GRAMIN (PMAY-G) - MIZORAM

Housing for All

Housing is universally recognized as a basic human need. For the Government of India providing rural housing along with improving the quality of housing, especially for the poor is an important component of the poverty alleviation strategy as well as ensuring a dignified life for its citizens. Under the visionary leadership of Prime Minister Narendra Modi, the Government of India committed to building and providing pucca houses to change the living conditions of poor people in rural areas, and launched the Pradhan Mantri Awaas Yojana – Gramin (PMAYG) in 2016.

So far, over 3.04 crore pucca houses have been built in rural areas across the country in the last nine years. Among the houses targeted for building under PMAY (G), 75% belong to the ST, SC, or minority communities. Further, 7 out of 10 houses are either solely or jointly owned by women, which in turn has fulfilled the aspirations of women of owning a pucca house and strengthened their participation in the financial decision-making of the household.

PMAY-G is being implemented in all the districts and blocks in the state of **Mizoram**. After IAY was revamped into PMAY the total number of houses sanctioned in Mizoram increased exponentially to 29,967 out of which 6969 have been completed as on July 7, 2023. All but two houses have been allotted to the ST/SC community, and 94% of allotted houses are either solely or jointly owned by women. To date, a total of Rs. 315 Crore has been allotted by the central government to the state of Mizoram.
