

AMRUT & AMRUT 2.0

A. Progress during last 6 months

- 1,273 projects worth ₹22,268 cr. awarded.
- 798 projects worth ₹6,875 cr. sanctioned.
- 481 projects worth ₹3,877 cr. completed.
- **Major Outcomes Achieved:**
 - 752 MLD capacity Water Treatment Plant (WTP) & 549 MLD capacity Sewage Treatment Plant (STP).
 - 1.16 lakh tap connections & 2.40 lakh sewer connections.
 - ₹300 cr worth of municipal bonds issued by Pimpri Chinchwad & Rajkot.
 - 359 water bodies rejuvenated & parks developed.
- ₹3,941 cr. Central Assistance released; ₹1,109 cr. expended on projects.

B. Overall progress in last 10 years

- 14,993 projects costing ₹2,72,833 cr. sanctioned under AMRUT & AMRUT 2.0.
- Overall works worth around ₹96,970 crore have been physically completed.
- **Major Outcomes Achieved (Projects):**
 - 1.89 crore tap connections & 1.49 crore sewer connections.
 - Increased tap coverage from 48% in 2015 to 70% in 2024.
 - 4,649 MLD WTP, 4,429 MLD STP & 1,437 MLD reuse capacity.
 - 64,463 km water & 19,598 km sewer network laid.
 - 1,380 km drains laid; 3,631 water logging points eliminated.
 - 2,438 parks developed greening 5,070-acre area.
- **Major Outcomes Achieved (Reforms):**
 - 99 lakh streetlights replaced with energy efficient LEDs; 666 cr power units (kwh) saved/ year, 46 lakh tonnes CO₂ reduction/ year
 - ₹4,984 cr raised by 13 ULBs.
 - 3,599 cities implemented Online Building Permission System.
 - GIS based Master Plans for AMRUT cities covering 1 lakh sq. km area.
- ₹46,625 cr. Central Assistance released; ₹89,666 cr. expended on projects.

C. Action Taken:

- **Infrastructure development to reach tap water to every citizen & achieving water security by sanctioning projects worth ₹2,72,833 cr.**
- **‘Jal Hi Amrit’** transforming used water treatment plant (STP) into **"Resource Recovery"** facility. 848 STPs with 17,300 MLD enrolled, 4,500 plant operators trained.
- **Participatory urban water governance:**
 - **‘AMRUT Mitra’** involving 4600+ women SHG members. 1,426 projects worth ₹117.50 cr approved.
 - 105 **‘Start-Ups’** selected & mapped with 67 cities to scale-up solutions.
 - **Young professionals** involved in gig works.
 - **Augmented capacities of the States** through training over 70,000 contractors, plant operators, plumbers, women, youth, officials etc.
- **Drink from Tap (DFT) with assured quality, quantity and accessibility** from Tap through 397 projects worth ₹23,732 cr. sanctioned; 3,630 contractors trained.
- **Strengthened financial health of ULBs** with 13 ULBs raising ₹4,984 cr. through municipal bonds.

D. Targets for the next 5 years:

- Tap coverage increase from **70% to 88%** (as per 2021 population); **4.08 cr.** new/serviced tap connections; **1.25 lakh Km** water network; **10,679 MLD** water treatment capacity planned.
- Sewer coverage from **45% to 57%** (as per 2021 population); **1.51 cr.** new/serviced sewer connections; **35,866 Km** of sewer network; **6,784 MLD** sewage treatment capacity planned.
- **10,000 MLD** of reuse by 2030 in peri urban area (Urban-Rural continuum) & industries.
- **1 cr. households** with Drink from tap (DFT).
- **1 lakh women** engagement in water sector through AMRUT Mitra.
- **475 sq.km. area** of 3,078 water bodies will be rejuvenated with **4.65 cr. Million Litre** capacity.
- **67,500 sq. km area.** will be covered under GIS based Master Plans for Class II towns.
- **Focused training** of contractors, plumbers, plant operators, women SHG members, students etc. trained under AMRUT 2.0.
