Once seen as a distant frontier, Northeast India is now a beacon of progress, peace, and potential. The Prime Minister recently called the North East- “Ashta Lakshmi”, highlighting the eight-fold rise for the region. Over the past eleven years, the Government has pursued a transformative vision for inclusive development, with a special focus on regions that were historically overlooked. Among these, the North Eastern Region has witnessed unprecedented growth and integration into the national mainstream. Guided by the Prime Minister’s mantra of “Act East” and “Transformation by Transportation,” the Ministry of Development of North Eastern Region (MDoNER) has emerged as a critical driver of change. Over the last 11 years, sustained policy attention, infrastructural investment, and strategic planning have reshaped the developmental landscape of India’s North East. The government has always prioritized inclusive development, and the government’s Northeast policy reflects its push to bring the region into the mainstream.

1 The North Eastern Region Vision 2020 document provides an overarching framework for the development of the North Eastern Region to bring it at par with other developed regions under which different Ministries have undertaken various initiatives.

2 The outlays by Central Ministries in the North Eastern Region have increased substantially. Mandatory earmarking of at least **10%** of GBS of Central Ministries/ Departments for North Eastern Region (NER) and creation of Non-Lapsable Central Pool of Resources (NLCPR) has augmented resource flow to the region

GBS refers to Gross Budgetary Support for Central Sector and Centrally Sponsored Schemes

Utilization of Budgetary Resources: With a view to improve the connectivity in the region, different projects in sectors of power, water supply, health, education etc, have been sanctioned by the Ministry.

The allocation and effective utilization of budgetary resources have played a pivotal role not only in enhancing infrastructure and basic services but also in fostering a climate conducive to peace and stability. Improved connectivity through investments in power, water, health and education has addressed long-standing developmental gaps. These developmental strides have complemented the government's security initiatives, creating a cycle where growth promotes stability and peace enables further progress.

PEACE AND SECURITY INITIATIVES

Northeast had faced severe internal security challenges for decades. Due to the effective steps taken by the government, there has been a significant improvement in the security situation in the Northeast. Since 2014

there has been sharp reduction in the extremist incidents and the resulting deaths of security personnel and civilians. The signing of peace accords has led to peace and a decline in violence in the region.

- Framework Agreement with NSCN(IM), 2015
- Tripura Peace accord, (NLFT/SD) 2019
- Bodo Peace Accord, 2020

- **Peace accords have reduced violence considerably in the region.**
- **Significant drop in insurgency and civilian deaths.**
- **Decades long border disputes finally getting resolved amicably.**

- Karbi-Anglong Peace Accord, 2021
- Assam-Meghalaya boundary agreement, 2022
- Adivasi Assam Peace Accord, 2022
- DNLA Peace agreement 2023
- ULFA Peace Accord 2023
- NLFT and ATTF Peace Agreement 2024

These efforts have **paved the way for reducing AFSPA coverage** in the region. Long pending disputes between States in the Northeast had been a major concern in the region. Many decades-long disputes are finally getting permanently resolved through the active efforts of the government. Recently Assam and Arunachal Pradesh have signed a Memorandum of Understanding to resolve a decades-old boundary dispute.

INFRASTRUCTURE

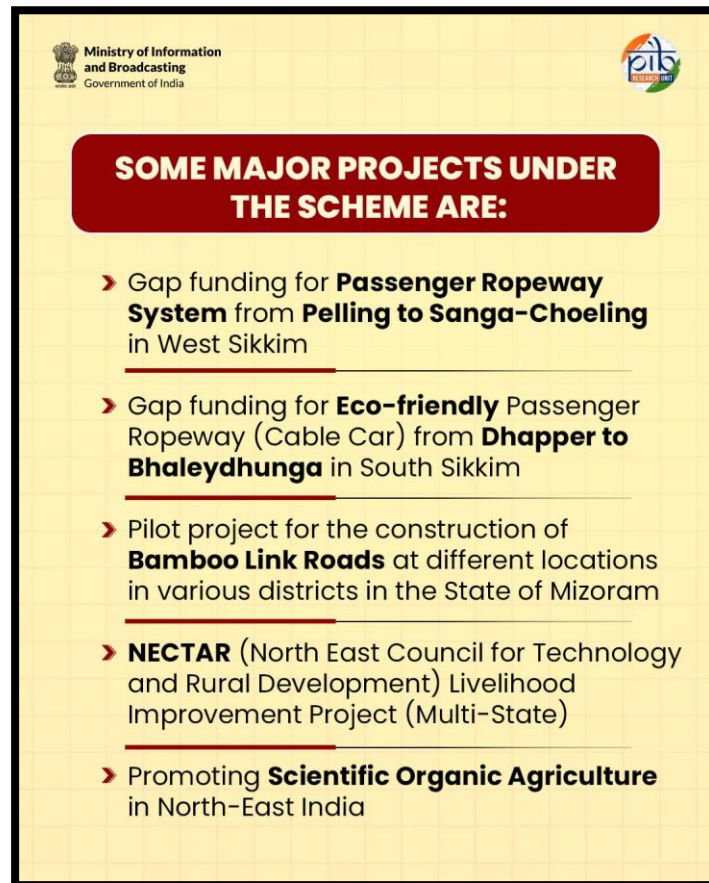

- **The North East Special Infrastructure Development Scheme (NESIDS):** It was approved as a new Central Sector Scheme in 2017-18 and restructured into two components viz. NESIDS (Roads) and NESIDS (Other Than Roads Infrastructure) in 2022-23 to prevent sectoral overlaps in regard to road sector as per the recommendation of the Expenditure Finance Committee (EFC) and approval of the Government. The scheme has been extended until 2026.

- **Prime Minister's Development Initiative for North East Region (PM-DevINE)** Prime Minister's Development Initiative for North East Region (PM-DevINE) was announced as a new Central Sector Scheme in the Union Budget 2022-23 with an outlay of Rs 6,600 crore for the

4-year period from 2022-23 to 2025-26. The objective of PM-DevINE entails the overall vision of MDoNER i.e. “Transforming NER through Development in an Accelerated yet Sustainable manner, affording access to ease of living to all its citizens”. Thus, the broad objectives of “PM-DevINE” are-

1. Infrastructure development projects in the spirit of PM GatiShakti
2. Social development projects based on the required needs of the region
3. Enhancing livelihood activities for youth & women of the region
4. Filling up developmental gaps in various sectors

The government has always prioritized inclusive development, and the government’s Northeast policy reflects its push to bring the region into the mainstream. Through its **Northeast policy**, it has focused on economic development, internal security, as well as preservation and promotion of the cultural diversity of the region. Lack of physical connectivity and poor infrastructure had contributed to the region’s isolation for many decades. Innumerable long-pending infrastructure projects were completed.

- **Development of Hydro Electric Projects:** Central Financial Assistance towards Equity Participation by the State Governments of the North Eastern Region for development of Hydro Electric Projects was approved in August 2024. This scheme has an outlay of **Rs. 4136 crore and will be implemented from FY 2024-25 to FY 2031-32**. A cumulative hydro capacity of about 15000 MW would be supported under the scheme. The scheme would be funded through 10%

Gross Budgetary Support (GBS) for North Eastern Region from the total outlay of the Ministry of Power.

- **Bogibeel Bridge:** The long list of projects includes iconic projects such as Bogibeel Bridge, inaugurated by PM Modi in 2018, sixteen years after its announcement by PM Atal Bihari Vajpayee, expansion of the railway network, the trial run of passenger train has been conducted in Mizoram first time since independence.

- **Airports: 10 Greenfield airports built in the last 11 years.** The impact of the improved connectivity can be seen in the increasing tourist numbers in the region.
- **Ro-Ro service** started on the Brahmaputra river between Dhubri and Hathsingimari, Nematia and Kamalabari and Guwahati and North Guwahati.

Roll-on & Roll-off (“Ro-Ro”) waterways projects comprise of Ro-Ro ships/vessels which are designed to carry wheeled cargo, such as cars, trucks, semi-trailer trucks, trailers and railroad cars that are driven on and off the ship on their wheels or using a platform vehicle.

It also comprises of jetties, with related port terminal and approach connectivity infrastructure.

CATALYSING GROWTH: EXTERNALLY AIDED PROJECTS (EAPs)

MDoNER has supported **126 Externally Aided Projects** worth of **Rs 1,35,487.85 crore** from 2017 to August, 2023 and Department of Economic Affairs has recommended 124 projects worth Rs 1,26,645.82 crore for external funding during this period. This has helped in improving social and infrastructure development in the region.

District SDG Index is being used for regular appraisal and advise for the better implementation of the schemes.

PRESERVATION OF CULTURE AND HERITAGE

- **Assam's Moidams:**

Over the years, India has steadily expanded its presence on the World Heritage List. In July 2024, a proud addition was made with the inscription of “**Moidams: The Mound-Burial System of the Ahom Dynasty**” from Assam as a cultural property.

Set in the foothills of the Patkai Ranges in eastern Assam, the property contains the royal necropolis of the Tai-Ahom. For 600 years, the Tai-Ahom created moidams (burial mounds) accentuating

the natural topography of hills, forests and water, thus forming a sacred geography. Banyan trees and the

trees used for coffins and bark manuscripts were planted and water bodies created. Ninety moidams – hollow vaults built of brick, stone or earth – of different sizes are found within the site.

- Rani Gaidinliu tribal freedom fighter museum set up in Manipur.
- Sivasagar in Assam being developed as an Iconic site with an on-site museum.

CONCLUSION

From being on the margins of the India story, the Northeast is quickly becoming one of the country's growth engines. Over the last eleven years, the government has transformed this once-overlooked region into a hub of connectivity, entrepreneurship, and strategic relevance. Flagship initiatives like NESIDS, PM-DevINE and Special Development Packages, along with the revitalization of institutions such as NEDFi, NEHHDC, and NERAMAC have catalyzed social and economic development at an unprecedented scale. With record budget allocations, policy innovation, and growing private sector interest, the Northeast is not just catching up, it is leading the way in India's march toward inclusive and balanced regional growth.
