## **DBT Secretariat**

(i) A store room was renovated and converted into Ladies Common Room. A conference room, which was in a dilapidated condition, was duly renovated.

### Room No. 604 (Ladies Common Room)

#### BEFORE AFTER

#### Conference Room No. 503

BEFORE AFTER

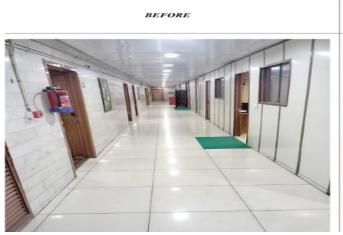

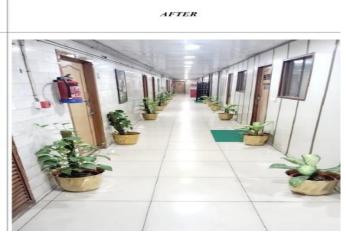

(ii) The department's common passages were upgraded with enhanced lighting and the addition of potted plants.

(iii) The age-old storeroom has been repurposed as an officers' room.

## (iv) Best Practices: Waste to Wealth by BRIC-NIAB

#### **BRIC-National Institute of Animal Biotechnology**

**SCDPM 5.0** 

Best Practices : Waste to Wealth
Old iron rods left during construction were used to make beautiful stands for keeping flower pots.

# BRIC-National Institute of Animal Biotechnology SCDPM 5.0

#### Space freed 10000 sq feet approx. for plantation drive / other purposes

Before After

# (v) Best and Environment-Friendly Practices: creating furniture using waste wood and Plantation of 2000 trees by Translational Health Science and Technology Institute (THSTI)

As a part of special campaign 5.0, THSTI conducted a mega plantation drive and distributed paper bags containing 4 native forest tree (Jamun, Babul, Papdi, Palash, Amaltas, Gulmohar, Arjun, Neem, and Tamarind etc.) seedballs made of clay and compost, hand-prepared for ecological restoration ready to be gently tossed into open spaces, forest edges, barren lands, or your own garden — wherever nature can reclaim her space.

The idea was to encourage all to plant more and more trees for a clean and green environment with theme "Together, let's nurture the future — one tree at a time".

 $(vi) \hspace{0.5cm}$  Lab cleaning activities of BRIC- IBSD, Imphal and Shillong carried out as a part of Special campaign 5.0

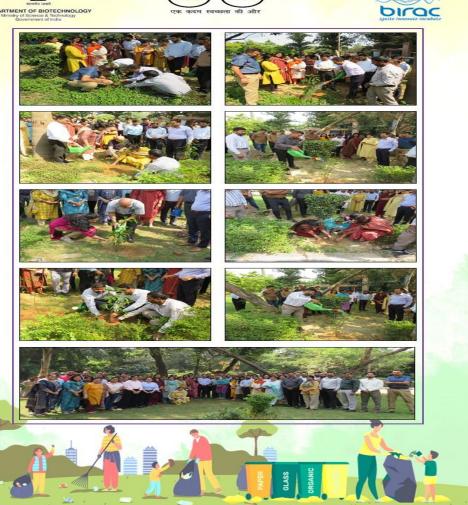

(vii) Plantation Drive organized by BIRAC as part of Special Campaign 5.0 initiative

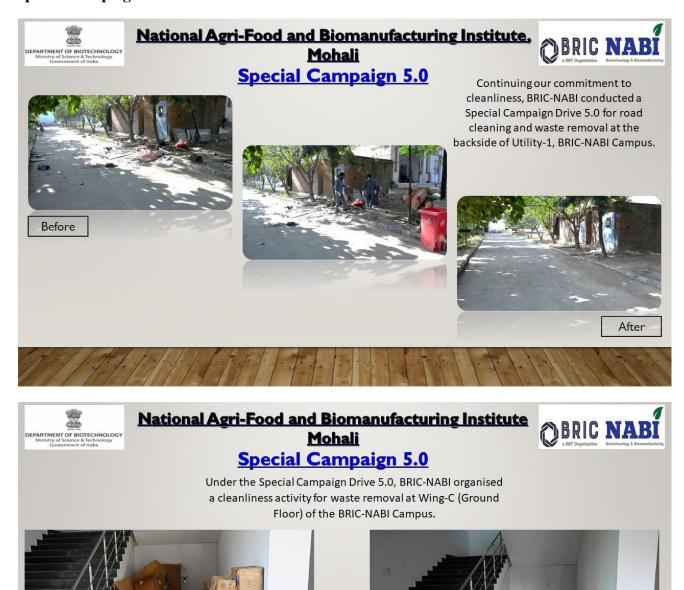

# (viii) Road Cleaning and Waste Removal activity conducted by BRIC-NABI under Special Campaign 5.0

(ix) Special Campaign Drive 5.0 conducted at Centre for DNA Fingerprint and Diagnostics (CDFD)
