GOVERNMENT OF INDIA

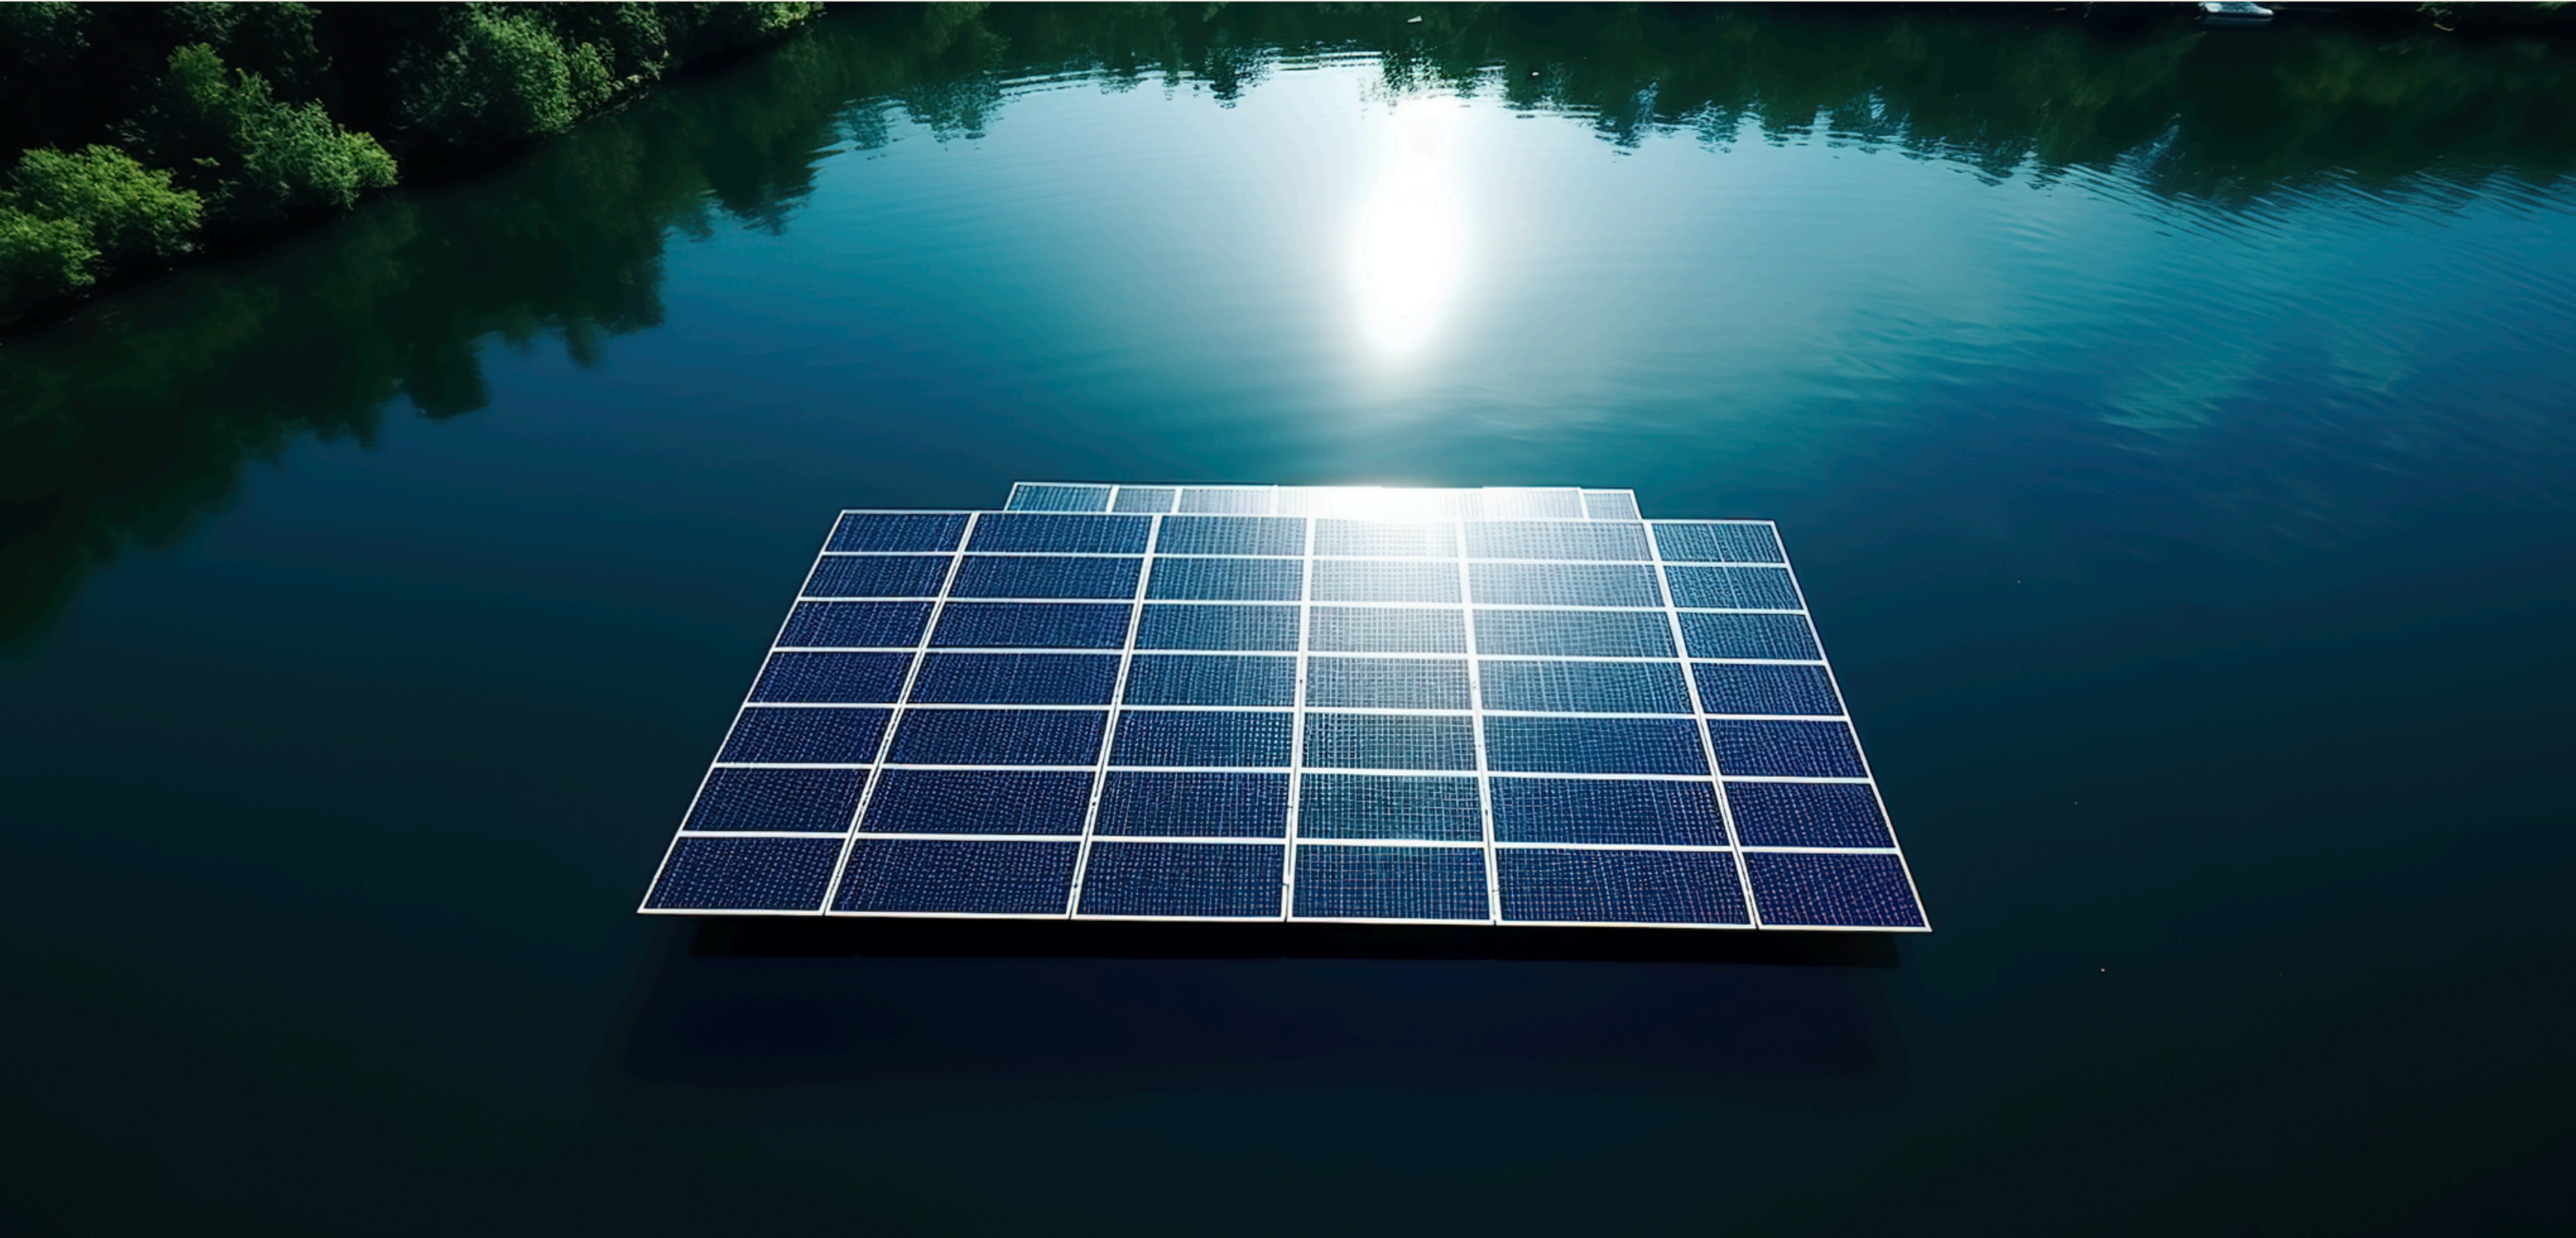

Cabinet briefing

Friday, 31st July 2026

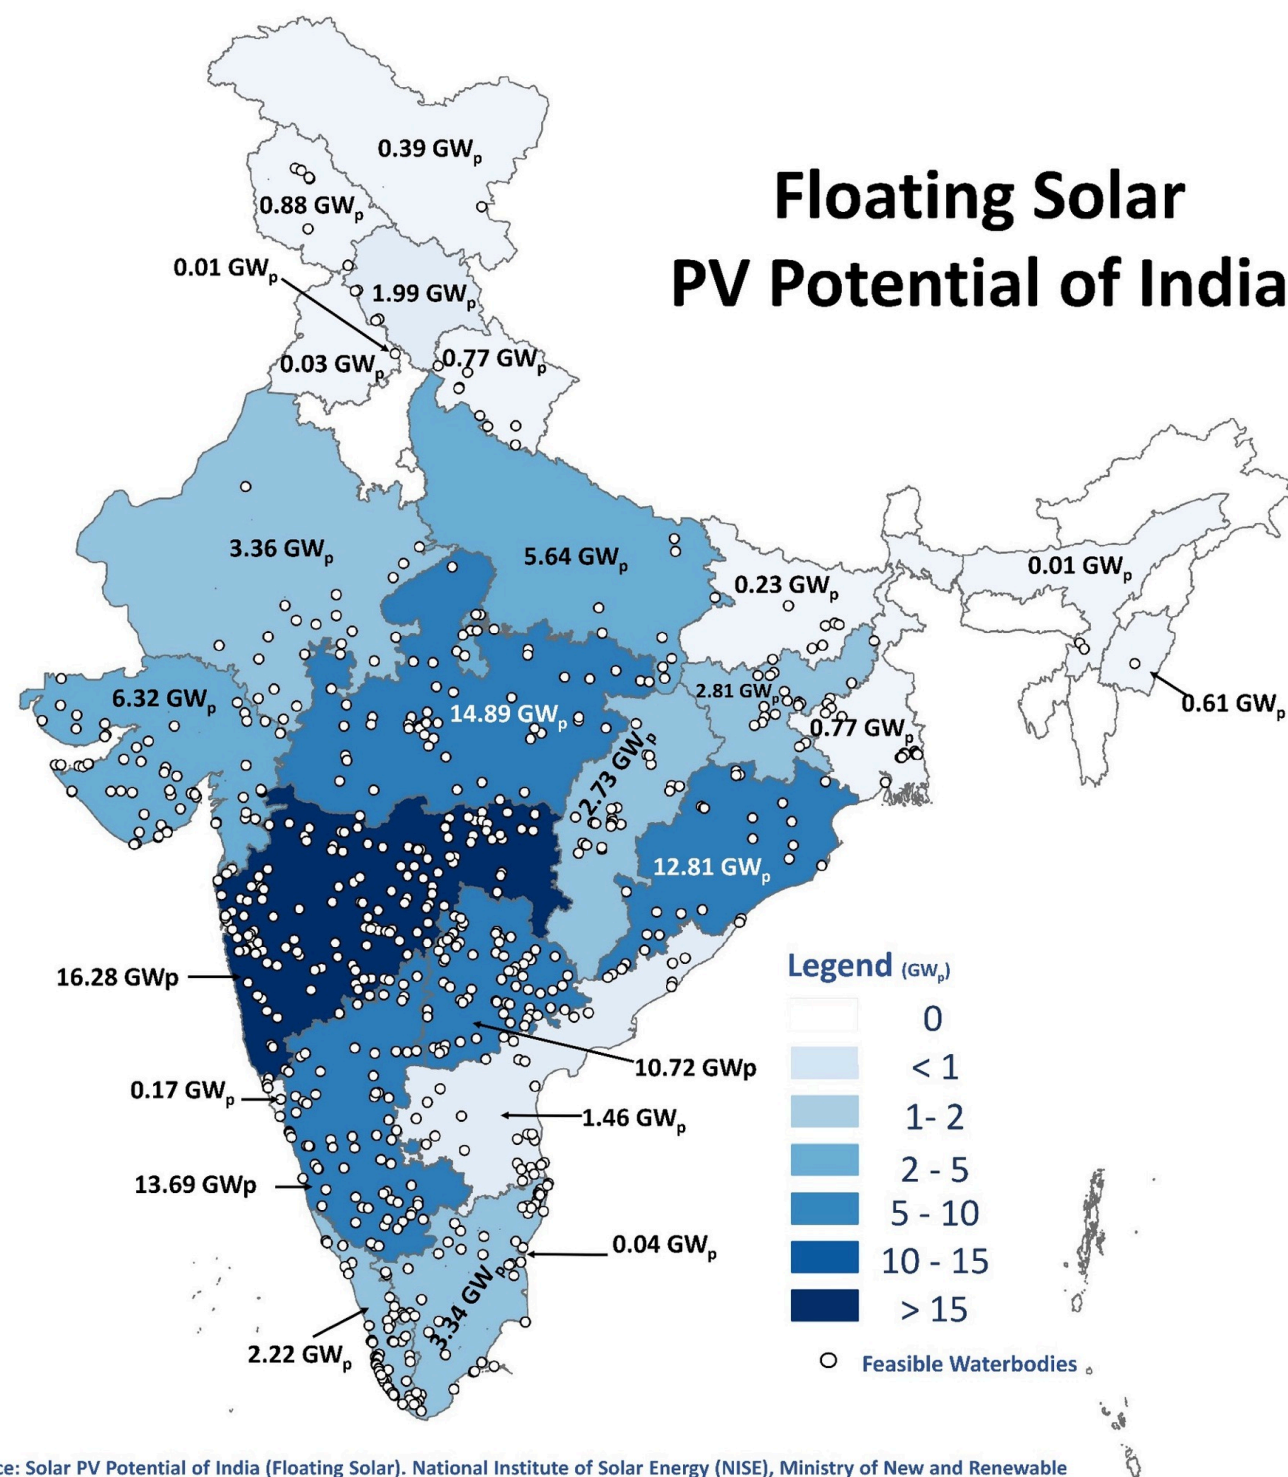

Cabinet decisions

#	Decisions	Amount
1	Pradhan Mantri Surya Sarovar Yojna	Rs 5,070 Cr
2	Pradhan Mantri Kisan Saman Nidhi (PM-KISAN)	Rs 3,15,614 Cr
3	Khelo India Scheme and Assistance to National Sports Federation Scheme	Rs 36,441 Cr
4	Samudra Manthan	Rs 84,084 Cr
TOTAL		Rs 4,41,209 Cr

Pradhan Mantri Surya Sarovar Yojna (PM-SSY)

Pradhan Mantri Surya Sarovar Yojna (PM-SSY)

Source: Solar PV Potential of India (Floating Solar). National Institute of Solar Energy (NISE), Ministry of New and Renewable Energy (MNRE), Government of India, June 2026.

TOTAL POTENTIAL FSPV

102 GW

Pradhan Mantri Surya Sarovar Yojna (PM-SSY)

- Cabinet approved the **Pradhan Mantri Surya Sarovar Yojana (PM-SSY) scheme**
 - Target to establish **5,000 MW of Floating Solar PV (FSPV)** capacity in the country, a more than **seven-fold increase** over the **~700 MW** installed today
 - Duration: **5 years**
 - Support up to **Rs. 1 Cr/MW under the scheme** with total **outlay of Rs 5070 Cr**
 - FSPV projects will include minimum of **2-hour Energy Storage Systems (ESS) totalling 10,000 MWh**, helping States manage peak demand
 - Projects will be **selected through tariff-based competitive bidding**
-

Benefits of Floating Solar Photovoltaic

- No additional **land acquisition required**
 - Will create an opportunity to productive use of **existing reservoirs, canals and industrial ponds for solar power generation**
 - Will lower dust levels on the solar panel, meaning **fewer soiling losses, reduced cleaning costs and higher sustained generation efficiency**
 - Will significantly **reduces evaporation from the host water body**, conserving water for irrigation, industry and drinking supply
 - **Will open up solar capacity in States that are constrained on land** but have large reservoirs and water bodies available
-

Benefits of the Pradhan Mantri Surya Sarovar Yojna Scheme

- Will abate around **10 million tonnes of CO₂ emissions annually**
 - Will **generate approximately 16,000–17,000 full-time equivalent employment opportunities**
 - Will promote **domestic manufacturing of floatation systems as well as the entire value chain of the project like anchoring, mooring & ESS (Energy Storage Systems)**
 - Will help in achievement of **national energy and climate objectives**
-

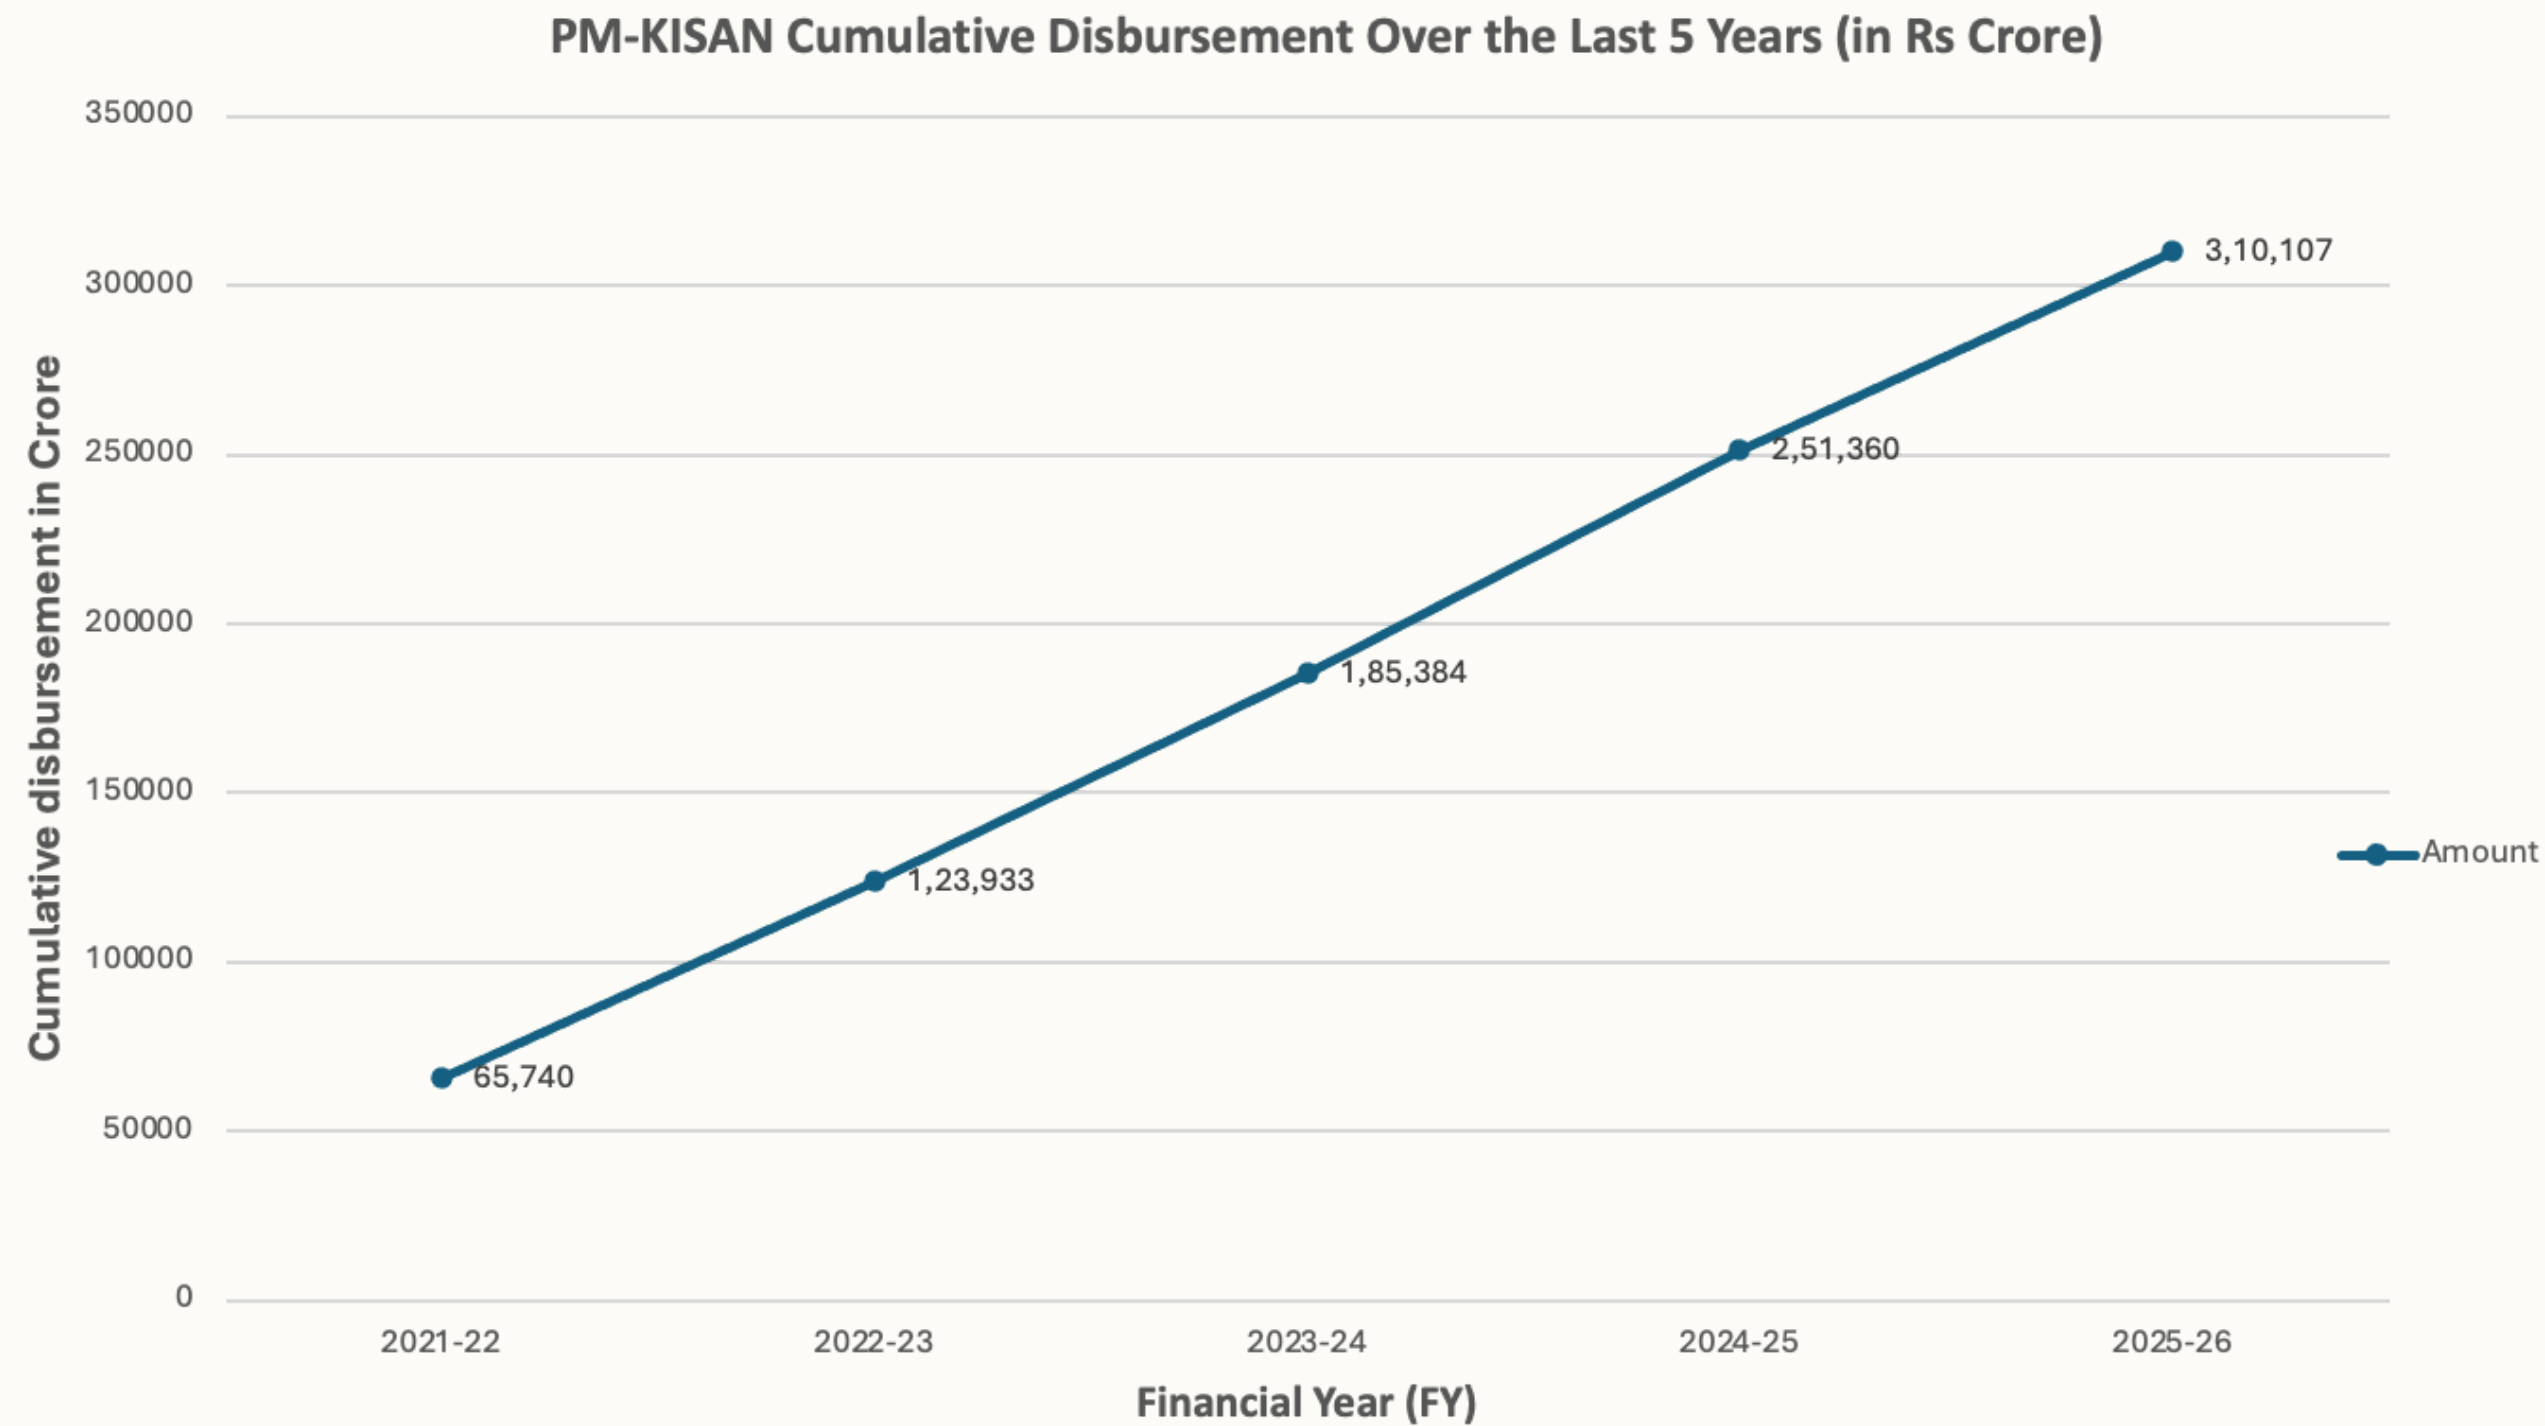

Pradhan Mantri Kisan Saman Nidhi (PM-Kisan)

Pradhan Mantri Kisan Saman Nidhi (PM-Kisan)

- Cabinet approved **Continuation of PM-KISAN Scheme for the next five years** from **FY 2026-27 to FY 2030-31**
 - PM-KISAN **provides income support to all landholding farmer families**, subject to the exclusion criteria in the operational guidelines
 - Proposed **outlay of Rs 3,15,614 Cr for next 5 years**
 - Proposal of **Rs 6,000 per family per year, in three instalments of Rs 2,000, credited directly through Direct Benefit Transfer**
 - **Aligned to the crop cycle**, Kharif sowing (Apr–Jul), Kharif harvest and Rabi prep (Aug–Nov) and Rabi harvest (Dec–Mar)
-

Pradhan Mantri Kisan Saman Nidhi (PM-Kisan)

Benefits of the scheme

- Will continue assured, direct and timely income support, **₹4.47 lakh crore delivered so far across 23 installments**
 - Will strengthen liquidity at each crop cycle's start, **as NITI Aayog finds 85% already earn more and borrow less**
 - Will reduce dependence on **high cost informal credit and strengthen the financial stability of farm households**
 - Will **support the purchase of seeds, fertilisers and other farm inputs**
 - Will sustain inclusive growth, **85% beneficiaries are small and marginal farmers**
-

Khelo India Scheme and Assistance to National Sports Federation Scheme

Khelo India Scheme and Assistance to National Sports Federation Scheme

- **Khelo India Scheme** aims to transform the country's sports landscape through **strengthening infrastructure, inclusive talent development, integration with education, sports science and data-driven governance**
 - Goal: global sporting excellence that translates into **national pride, social cohesion and economic growth**
 - **Assistance to National sports Federation Scheme** provides direct support to National Sports Federations for **athlete preparation, better governance and world-class event hosting.**
 - Taking **Indian sport, including indigenous disciplines onto the global stage**
-

Khelo India Scheme and Assistance to National Sports Federation Scheme

- Cabinet approved a total of **Rs 29,054 Crore for Khelo India for next 5 years**
 - Cabinet also approved **Rs 7,387 Crore for National Sports Federation Scheme**
 - **8 times increase** over the previous outlay for Khelo India Scheme
 - Aligned with **vision of Khelo Bharat Niti 2025** and **National Education Policy 2020**
 - Will create a **seamless pathway for every talented young Indian from school playgrounds and village fields to the Olympic and Paralympic podium**
 - Will anchor India's **long-term ambitions, from hosting the 2030 CWG to bidding for the Olympics and Paralympics.**
-

Benefits of the Khelo India scheme

- Will ensure every **talented youth gets a clear pathway to excellence**
 - Will **support roughly 10× more athletes than at present**, through structured coaching, scientific support and long-term mentoring
 - Will build a **systematic talent identification and development pipeline, driven by talent scouts, selection committees** and high-performance directors
 - Will **integrate sport with education** through Khelo India Utkrishta Vidyalayas (KIUV), Khelo India Feeder Schools (KIFS) and university leagues
 - Will **strengthen sports infrastructure by focusing on talent clusters, creating world-class facilities in high-performance centres**
-

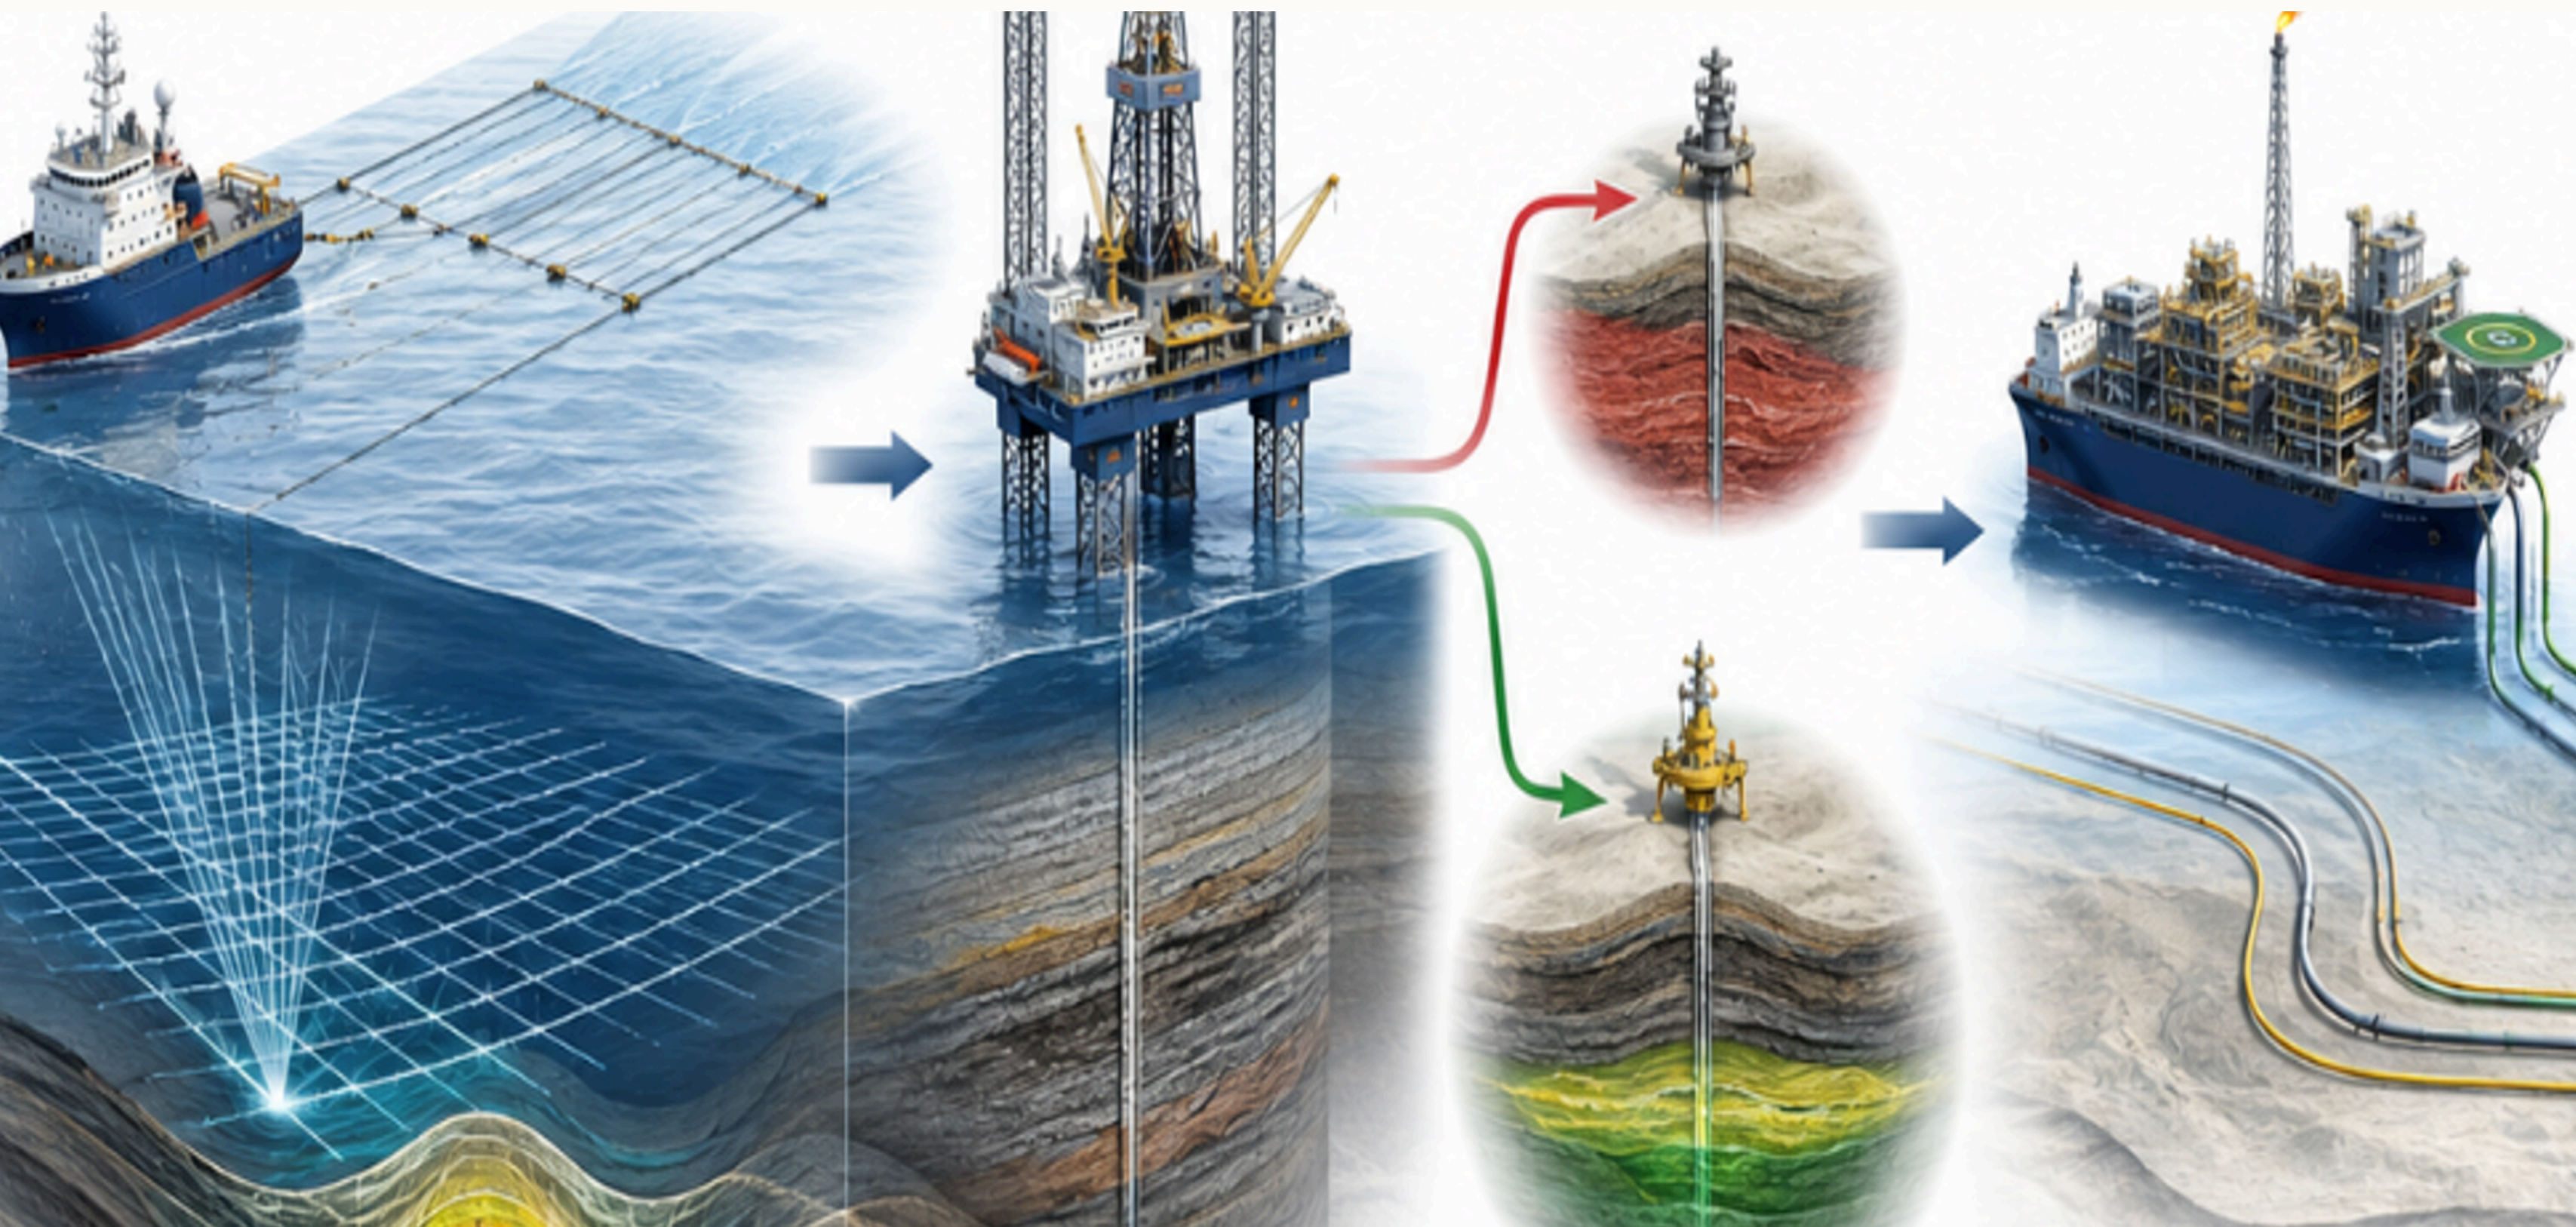

Benefits of the Khelo India scheme

- Will **build pan-India training facilities** from grassroots to Target Olympic Podium Scheme (TOPS) level
 - Will help **partner with private academies and corporates to unlock investment, innovation and expertise**
 - Will **create robust domestic competition** through regional, sport-specific and national leagues.
 - Will **drive inclusion through leagues for women and para-athletes**, indigenous sports, and peace-building through community development.
 - Will **build a fitter India through the FIT India Movement**, active lifestyles, women's participation, remote and border-area outreach and substance-abuse prevention
-

Benefits of the Assistance to National Sports Federations

- Will fund national camps, coaching, sports science, equipment and foreign experts
 - Will provide international exposure through overseas training and competition
 - Will support hosting of the National Games and major international events in India
 - Will focus on cooperation with the Global South and promote India's indigenous sports
 - Will nurture champions, inspire a culture of fitness and strengthen India's sporting ecosystem
-

Samudra Manthan

Samudra Manthan

- Cabinet has approved **Samudra Manthan: The National Offshore Exploration Scheme**
 - Total outlay of **₹84,084 crore**
 - Target is to **enhance domestic oil and gas reserves and production**
 - Two Components-
 - (1) Seismic Data Acquisition, Processing & Interpretation
 - (2) Offshore Exploration Acceleration, Common Infrastructure & Manufacturing Support.
-

Samudra Manthan

Offshore Seismic Data Acquisition- (Scheme Support: ~₹28,500 crore+)

- Background: Sparse, fragmented offshore and deepwater seismic coverage especially across the erstwhile No-Go Zones constrains generation of drill-ready prospects.
- Government-funded 2D/3D seismic acquisition, processing and interpretation with advanced technology and AI to enable accelerated drilling.

Accelerated Offshore Exploration- (Scheme Support: ~₹43,200 crore)

- Background: Deepwater drilling is high-risk, capital-intensive and long-gestation. Limiting incentive for exploration and delaying discoveries and monetization.
 - Intervention & Outcome: Government support for drilling 60 deepwater/ultra-deepwater wells, open to both public and private E&P operators to accelerate reserves accretion, unlock India's deepwater potential and strengthen long-term energy self-reliance.
-

Samudra Manthan

Infrastructure led production- (Scheme Support: ~₹10,000 crore)

- Background: Number of stranded unmonetized discoveries in India's offshore basins like Mahanadi and Kutch
- High-cost evacuation infrastructure, low economic viability of such discoveries on standalone basis
- Government-supported common infrastructure in select offshore basins converting stranded discoveries into production while lowering project costs and improving commercial viability.

Oil and Gas Manufacturing and Services Zone- (Scheme Support: ~₹2,000 crore)

- Background: Low indigenisation of oil and gas equipment and services keeps exploration costs high and drives import dependence and forex outflow.
 - Intervention & Outcome: Government-supported Oil & Gas Manufacturing and Services Zone, catalysing Make in India across the supply chain by building domestic manufacturing, repair, warehousing, engineering and service capability.
-

Benefits of Samudra Manthan

- Will accelerate accretion of ~600+ MTOE (million ton of oil equivalent) of hydrocarbon reserves
 - Will add incremental annual production of 10–15 MTOE, with peak potential of 20 MTOE
 - Will generate annual forex savings by substituting imports through higher domestic production
 - Will catalyze investment across exploration and manufacturing sectors
 - Will drive strong GDP expansion
 - Will create jobs in E&P and allied activities
-

Infrastructure decisions in NDA 3.0

[Railways, Highways, Metro]

58 Railway Projects
Rs 2,64,726 Cr

36 Highway Projects
Rs 3,69,558 Cr

12 Metro Projects
Rs 1,46,444 Cr

Infrastructure decisions in NDA 3.0

[Airports, Ports, Ropeways]

5 new Airports + Modified UDAN
Rs 37,846 Cr

1 major port + 1 ship repair facility + Shipping reforms
Rs 1,60,495 Cr

2 new ropeways
Rs 6,811 Cr

Infrastructure decisions in NDA 3.0

[Power, Smart City, Housing]

Hydro projects + budgetary Support

Rs 71,193 Cr

13 Industrial smart cities +
Industrial parks

Rs 65,292 Cr

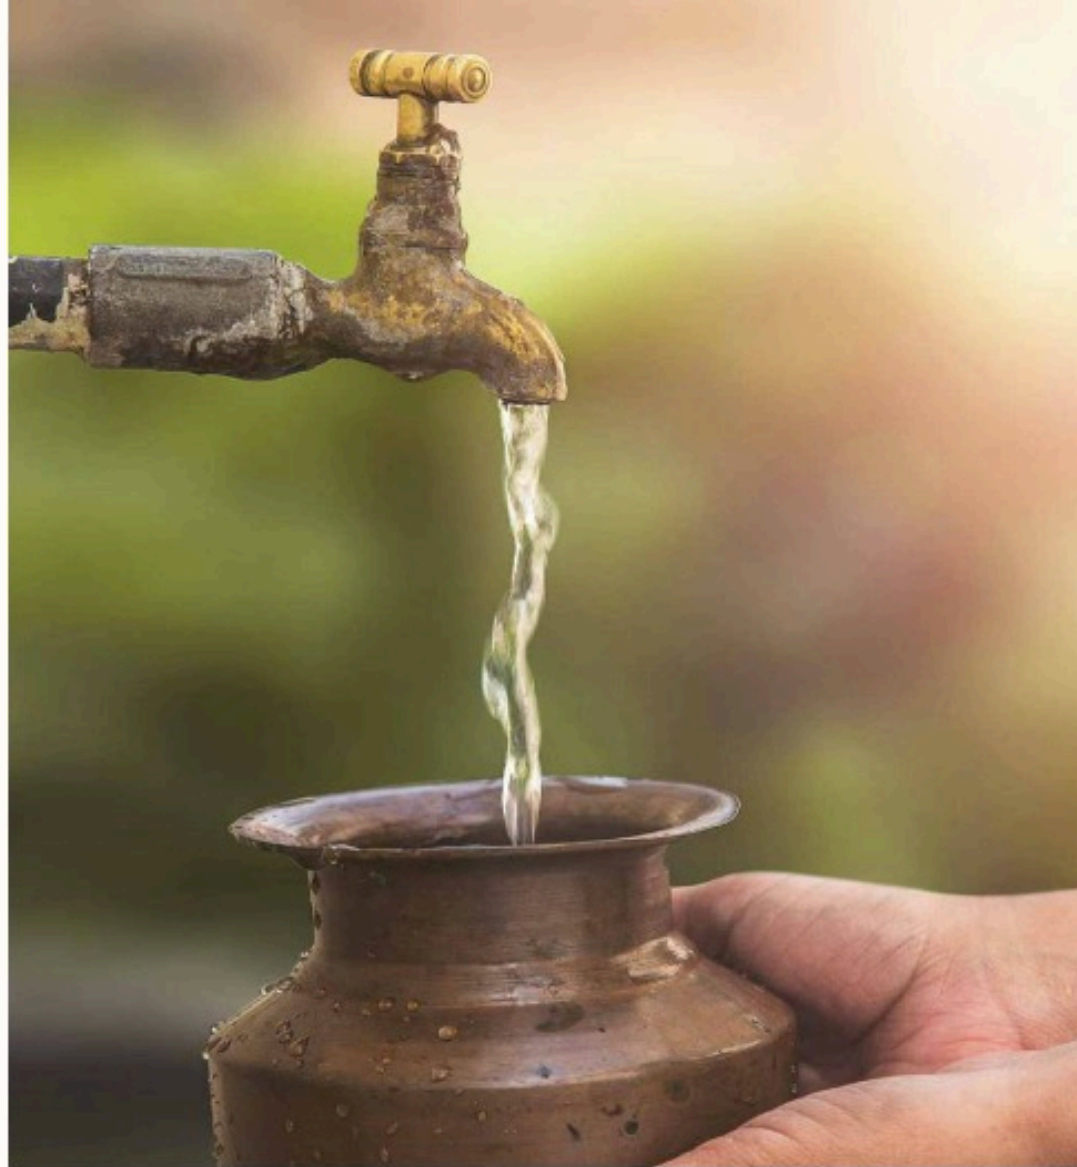

PM Awaas Yojana

Rs 5,36,137 Cr

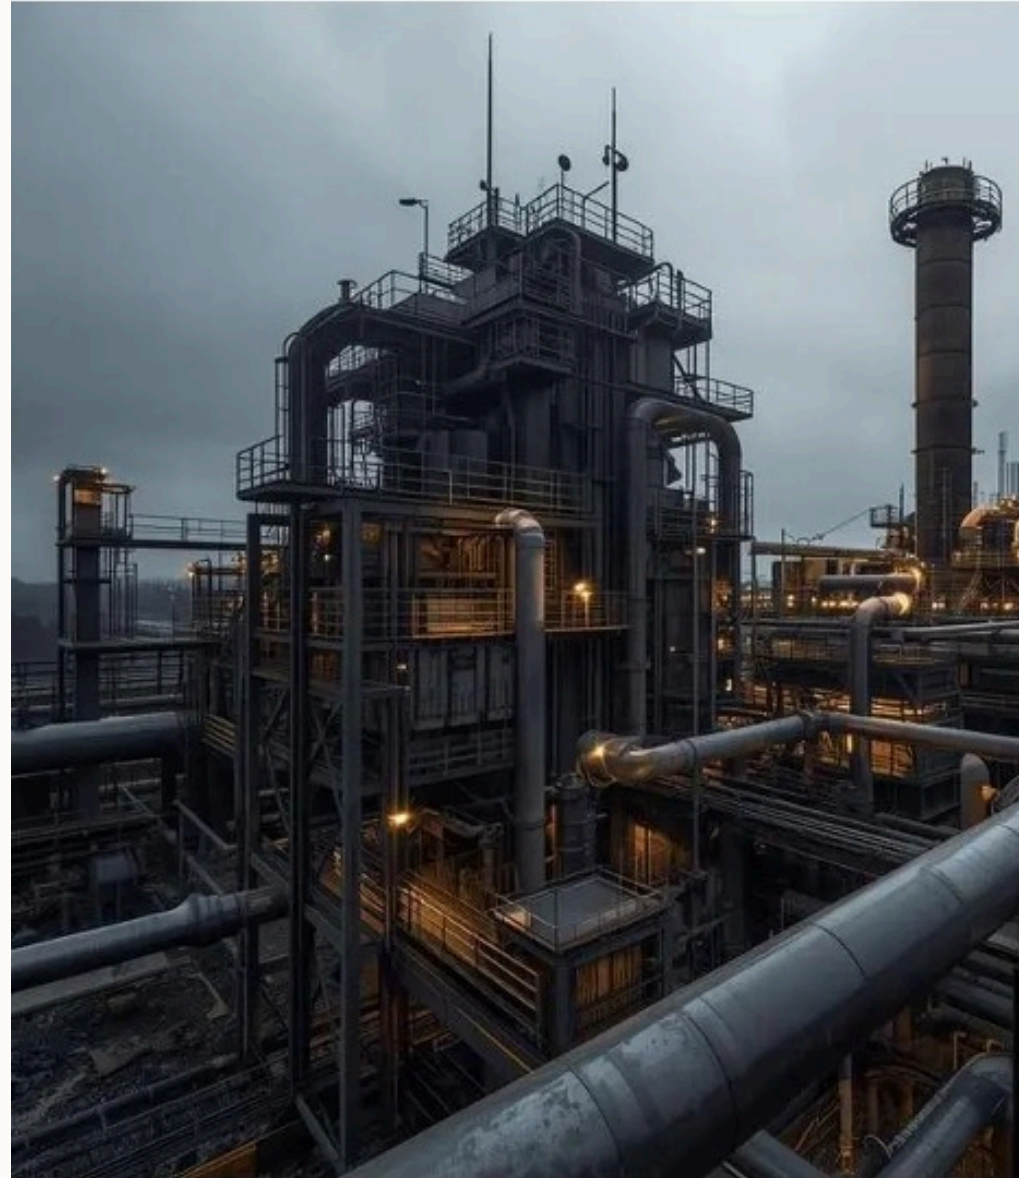

Infrastructure decisions in NDA 3.0

[Water and energy security]

Jal Jeevan Mission

Rs 8.7 Lakh Cr

Coal Gasification Scheme

Rs 37,500 Cr

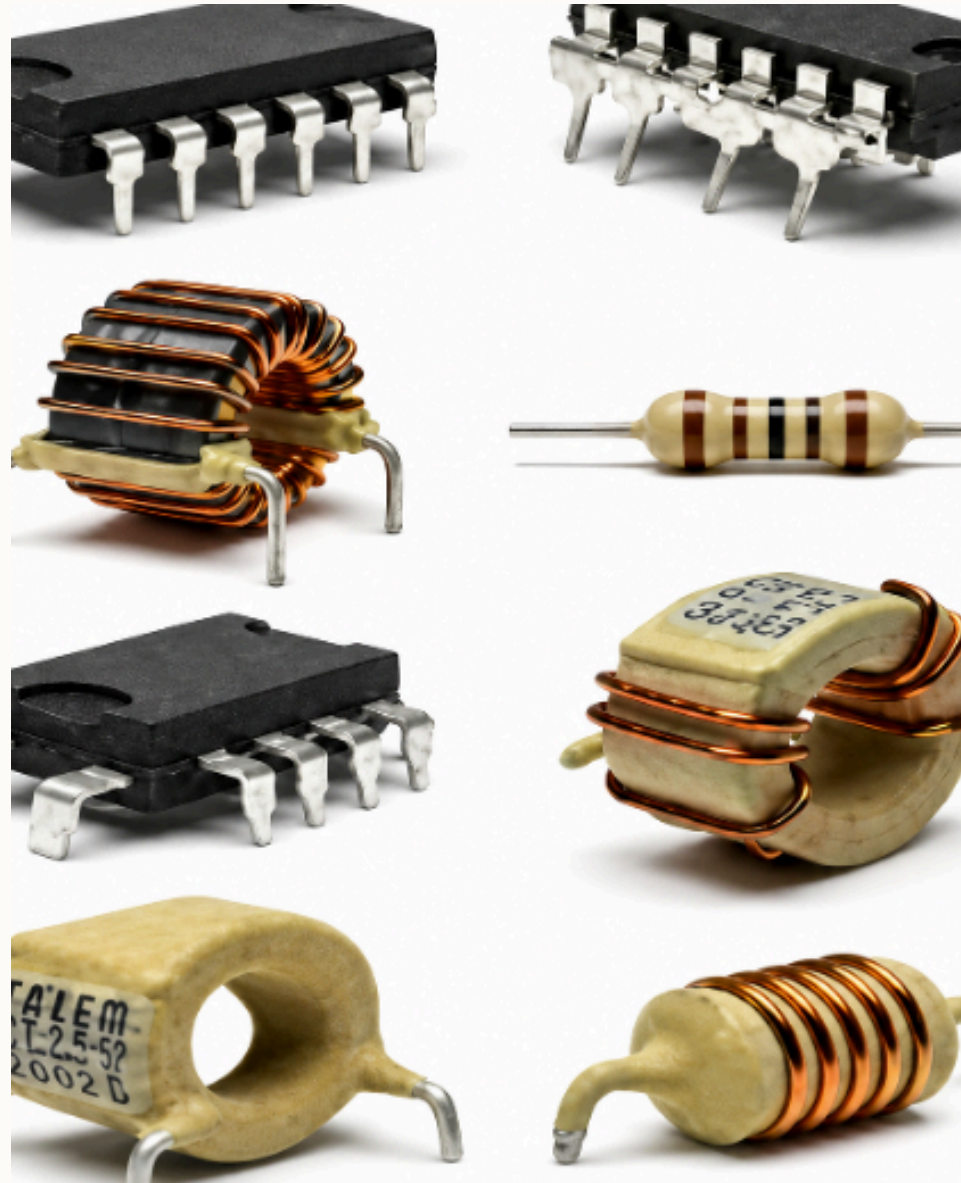

PM Surya Sarovar Yojna

Rs 5,070 Cr

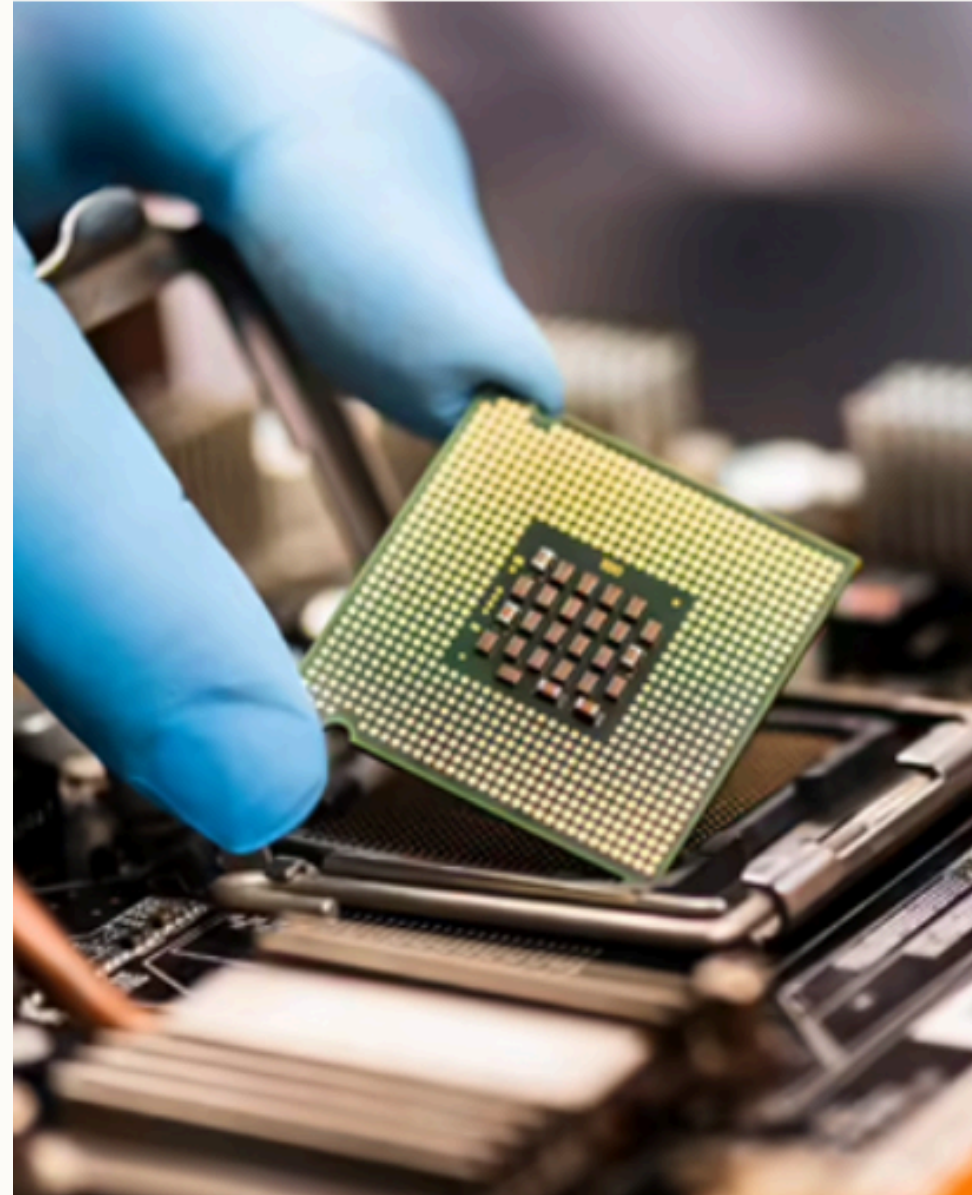

Infrastructure decisions in NDA 3.0

[High tech manufacturing]

ECMS

Rs 22,919 Cr

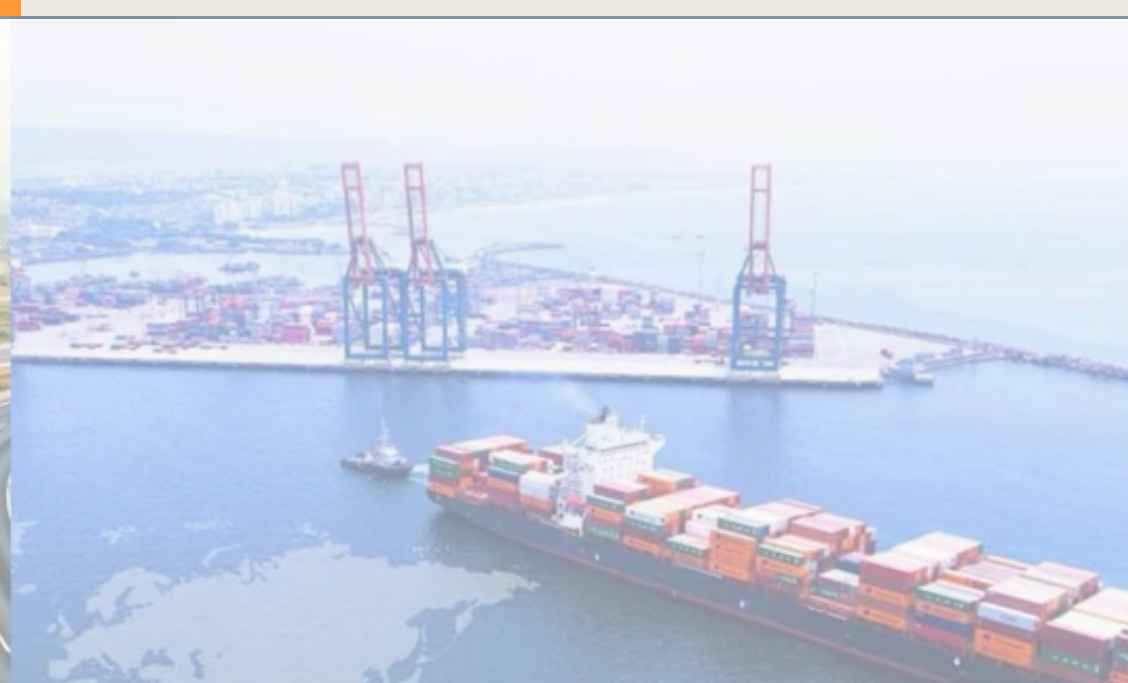

Semicon 2.0

Rs 1,27,500 Cr

MPMS

Rs 62,500 Cr

Total infra projects approved in NDA 3.0
>Rs 28 Lakh Cr
